Media Relations, part of Berklee's Office of External Affairs, "connects reporters to the music, teaching, student affairs, enrollment strategies, community outreach, global initiatives, entrepreneurship, and technology that define Berklee as the world's leading college for contemporary music education."

Scope and Contents note

The Berklee College of Music Media Relations records reflect the output of work from the Media Relations team, as well as the fruits of their labor. The records are made up primarily of press releases distributed by Media Relations, press clippings about Berklee, news articles about Berklee alumni, and news media clippings about Berklee on VHS and DVD. The Berklee College of Music Media Relations records are notable for their ability to provide details about campus events, such as who performed and where performances took place. It is also the primary collection for information about Berklee from the mid-2000s through the 2010s.

Series 3, Audiovisual Materials: Similar to series 1, the Audiovisual Materials series contains video clips about Berklee College of Music and Berklee events on VHS and DVD; this series also includes a few photo CDs. This series is arranged chronologically.
