

## **This could be true**

Song for (Rukban) refugee camp

When I was young .. The world has lied to me  
All this time ... they taught me I will live free  
When I am grown, I can go where ever I wanna go  
I can soar like a bird taken wing  
No on will stop me to live

They told me things now etched in to my brain  
This life is good and people never cause you pain  
In this world ... All for one, one for all ... No one fights  
No one turns his back on something right  
They told me ... This world is good

And as I grew, I saw  
Our lives are full of wars  
But this child couldn't grow (up) to see what I see  
He refused all this world ... choosing a peaceful world  
Living the dream that he was taught to live

Many people wish to be safe  
Escape from a dangerous place  
All what they ask of us to share in our peace  
We can give them our hands  
Housing them on these lands  
There must be a way that we all live in peace  
This could be true ... This could be true  
This must be true

“ I'm lonely in this universe “ وحدي بهالكون

" No one hears me " ما حدا سامع "  
" There is no one here " ما في حدا هون "  
" I can't see any one" ماني قاشع "  
" My voice, you should scream louder " صرخ يا صوت "  
" Tell them, I am waiting to day " ناظر هالموت "  
" Go inside there homes" ادخل البيوت "  
" And cry loudly " واصرخ بالآه "

Many people wish to be safe  
Escape from a dangerous place  
All what they ask of us to share in our peace  
We can give them our hands  
Housing them on these lands  
There must be a way that we all live in peace  
This could be true ... This could be true  
This must be true
