Feedback on DJANK YUCCA: A Culminating Experience

Stephen Webber:

Video

- Excellent editing
- Very good VO
- Concise script
- Nice use of humor
- Thank you for an entertaining video

Presentation

- Prezi - Animating text - Yay!
- Audio Quilting
- Very clear presentation
- Your visuals are very cool - would probably be a good idea to synch specific music under this -
- System diagram is good - cool that you guys are networking over thunderbolt
- I like the way you derived specific criteria from your influences

Content of the WORK

- Questing - nice sparse section - unusual kick! - I like the way the vox sample and the kick interact
- In the Rough - yeah - dig this a lot - shows a good understanding of the style - good use of space -
- I'm really digging the sounds you have put together
- Good visual representations
- Have you had any luck with the blogs?

Overall Comments:

There is good humor in your music, which sets you apart from so many in electronic music. Good focused work!

FINAL GRADE

A

Liz Deutsch

Video:

- EmTech Logo movement killer; FX in general great.
- Great storytelling; perfect mix of content & humor.
- Awesome.

Presentation:

- Music during Prezi, nice touch
- Visuals great; hope I last long enough to see your set.....!
- Excellent explanation of both the project and your process
- Love the primal vs. contemporary approach
- Really fascinating to hear about your production processes

Questions/Comments:

- What's next? Ok...CA, more music, etc. What about Barcelona?
- Live musicians tonight?
- Response from media blogs/promotional outreach?
- Loved listening to the EP. I'm a fan.

Congrats!

Absolutely love the fast paced video format. Your editing is stellar. Excellent voiceover and narration. Good times

Presentation

Loving the audio quilt technique

I know that your computer networking technique is not easy.

Influences are very nicely eloquent and help us understand the motivations.

I have very little feedback because I am overall extremely satisfied and impressed by your presentation, video, art direction, and your music. You guys rock. Anything I can do to help you continue to push your music let me know, I am enthusiastic about getting involved with supporting you guys outside of school.

Ian Kagey:

Video

- Love this video, the humor is amazing
- Like the live footage as well.
- The Crystal Light clip is so awesome!

Presentation

- Like the background music, but is a little distracting
- Like the visual examples.
- Really like that you guys went through your influences.
- Well rehearsed and well put together, excellent job at explaining your work.

General

- Tracks all sound great, very cool stuff!
- Love what you guys have created both with visuals and music, I encourage you to keep going with it and also to keep embracing your humor!
