THE BATTLE

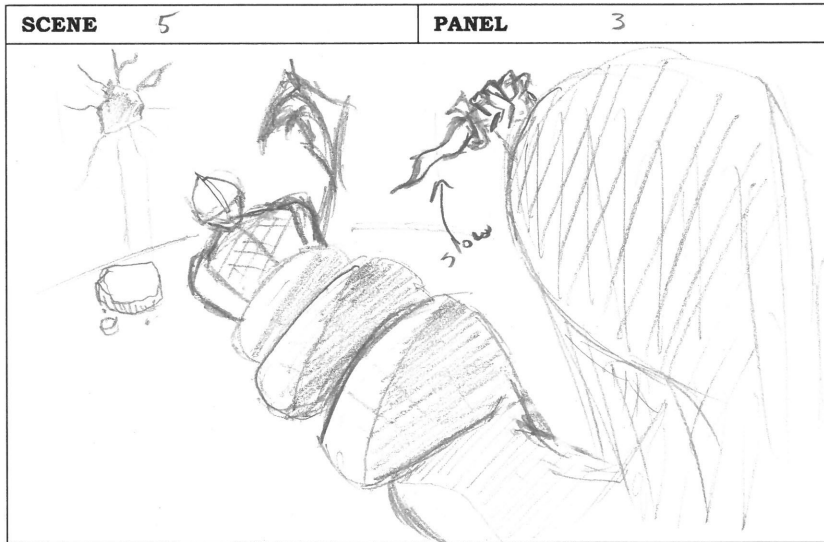

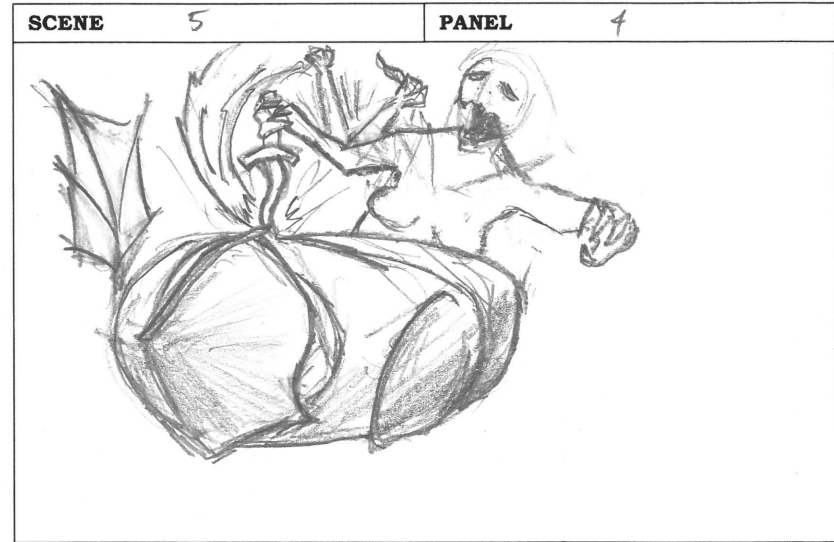

After B throws his sword away, he grapples but is overthrown.

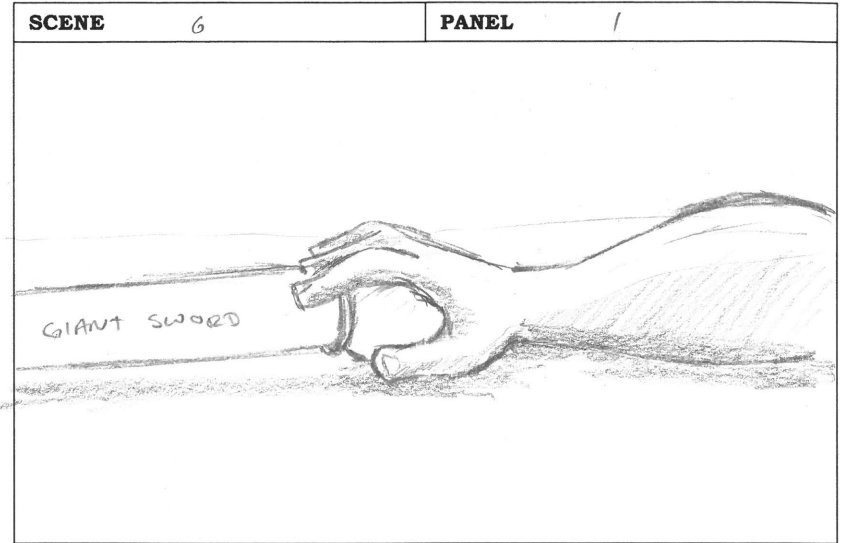

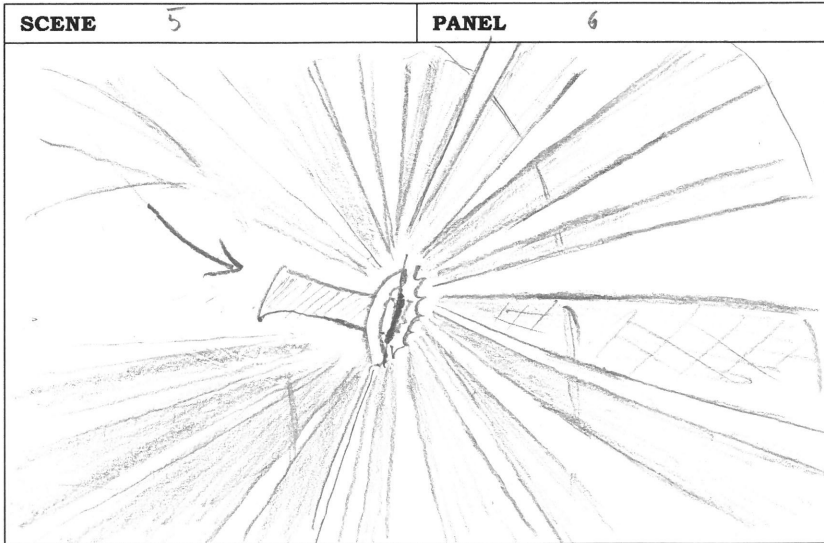

A groaning B is duffed off screen.

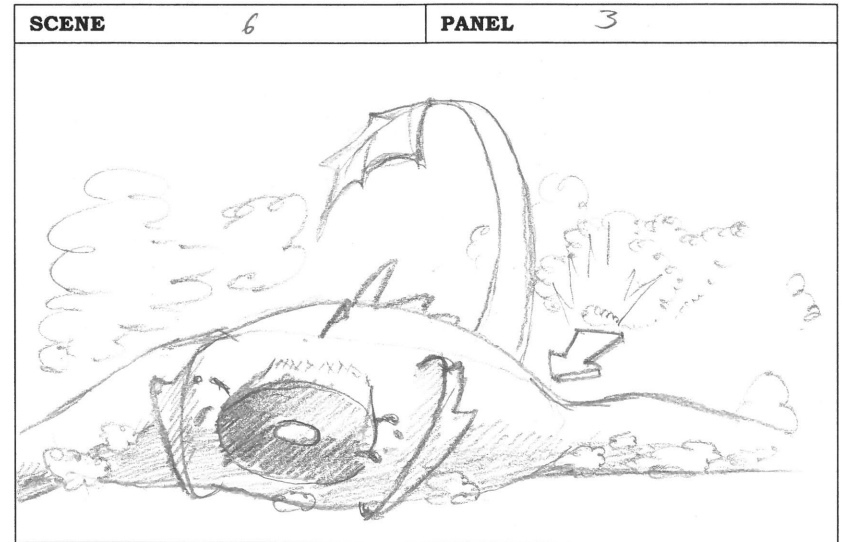

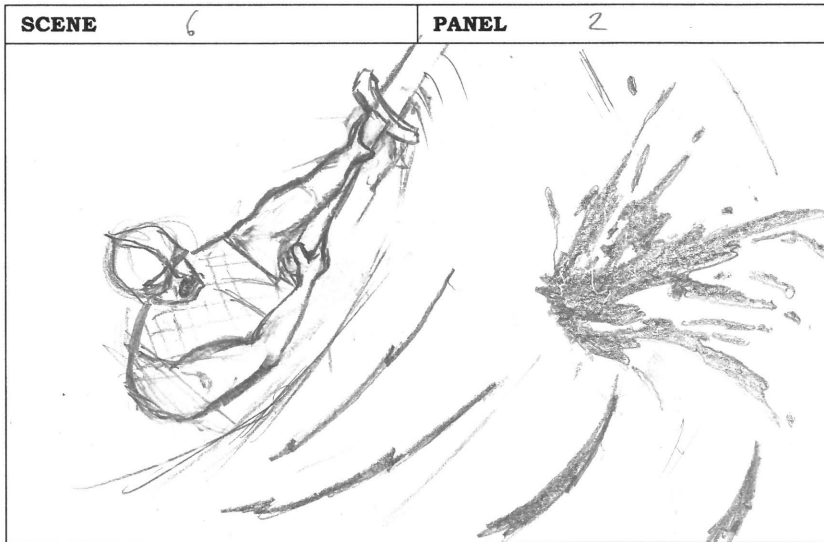

OTS. Gm slowly raises a golden knife

BAM! BAM! BAM! It's ineffective!!

GM's knife glances off B's helmet and buries into GM's tail, thus loosening her grip. B escapes... → ... and spots a giant sword.

GM springs, B turns and wallops her head off. GM's body slides to a stop, flops.
