

PERHAPS

INTRO Instrumental

First verse

For sure you feel estranged
all brothers left behind,
I guess that you have changed
no way to press rewind.
Say, is it hard to cope there?
No place to feel at home.
You managed to be rescued
to leave just ocean's foam.

Refrain

*Perhaps you got invested
in things you shouldn't aid.
Perhaps you were arrested
just one call to be made.
Perhaps you're all abandoned
court trials lie ahead.
Perhaps you tried to answer
when battery went dead.*

Music

Second verse

You might have found another!
A thought I do abhor.
Surely a secret lover!
Can't love you anymore.
Who would have thought you made it,
no answer on the phone.
You did get off so cheaply.
I'm sitting all alone.

Refrain

*Perhaps you got invested
in things you shouldn't aid.
Perhaps you were arrested
just one call to be made.
Perhaps you're all abandoned*

*court trials lie ahead.
Perhaps you tried to answer
when battery went dead.*

Music (Transposition)

Third Part

Unbearably frustrating,
each call sadly in vain.
Why can't you ever answer?
No traces that remain.

This is the end, I know it,
„So be it, let it go.“
What in the world could change it?
I have no clue - although:

Refrain

*Perhaps you got invested
in things you shouldn't aid.
Perhaps you were arrested
just one call to be made.*

I sm sure you found another and you left me here alone

*Perhaps you're all abandoned
court trials lie ahead.
Perhaps you tried to answer
when battery went dead.*
