Catalog

Berklee College of Music

The International Institution
for the Study of
Modern American Music

Berklee College of Music is a non-profit, coeducational institution of higher learning incorporated under the General Laws of the Commonwealth of Massachusetts. The College is accredited by the New England Association of Schools and Colleges, and authorized under Federal law to enroll non-immigrant alien students, and to train Veterans under the G.I. Bill of Rights. Information in this catalog is accurate as of date of issuance. The right is reserved to make changes in detail as circumstances require.

Berklee College of Music admits students of any race, color, national and ethnic origin to all the rights, privileges, programs and activities generally accorded or made available to students at the College. Berklee does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admission policies, scholarship and loan programs, and other school administered programs. The anti-discrimination policies of Berklee are as required by Title VI of the Civil Rights Act and Title IX of the 1972 Education Amendments.

Berklee College of Music is located in the very heart of the cultural Back Bay section of Boston. Nearby is Symphony Hall, the Museum of Fine Arts, the Gardner Museum, the Boston Public Library and many cultural attractions and concert facilities that feature the many styles of today's professional music. Berklee's own acoustically acclaimed Performance Center and Concert Pavilion are just a block away from the famed Prudential Center with its civic auditorium. Public transportation via bus or subway is only steps away from Berklee.

Boston is well known as a young person's city that hosts most of the major recording artists and shows on tour throughout the country. The many Boston clubs and concert halls have given birth to some of the nation's most popular performing and recording groups; and also provide an excellent opportunity for student musicians to gain experience and earn their education.

Berklee College of Music

Jazz improvisation with Andy McGhee

The educational mission of Berklee College of Music is practical career preparation for today's professional music.

Until Berklee College of Music was established in 1945, few opportunities existed for the study of the music of our time. Founder Lawrence Berk pioneered a curriculum that applies fundamental principles to a variety of musical styles, both classical and contemporary. These principles are of special assistance to today's professional in music who is encountering the challenges presented by the rapidly expanding musical repertory of the modern idiom.

Students at Berklee College of Music combine their study of these theoretical and technical basics with intensive ensemble performance and composing-arranging workshops which permit them to hear their own works performed.

This innovative and comprehensive curriculum has secured for Berklee College of Music its role as an international center for the education of career musicians, composers, arrangers and music educators.

Control Room and Recording Studio

Woody Herman and his pianist/arranger, Berklee graduate Alan Broadbent, talk with students

The Berklee Approach

Historically and continuing to the present time, America's contemporary music culture has flourished, experiencing unparalleled and dynamic growth. More than ever before, music is a career alive with opportunities. . . interesting, varied, challenging, remunerative. The range of secure and esthetically rewarding opportunities for well-prepared music students has never been greater than it is today.

This dynamic expansion in the pervasiveness of contemporary music has been accompanied by its increasing technical sophistication and also by greatly intensified competition. For the aspiring music professional, talent alone is no longer enough—a thorough and formal music education under experienced educators and professional musicians is needed.

The Berklee Approach prepares students for careers in music through a broadly-based, vocationally-oriented curriculum that focuses on both contemporary and traditional musical forms. Frequent performance with ensembles that vary in musical style and level of musicianship occupies a key role in the education of Berklee students. In addition to practical musicianship, course offerings emphasize the actual production of effective music, including jazz arranging, improvisation, recording studio techniques, popular vocal arranging, song writing and the writing of background music for films and other media productions.

Berklee's Primary Purpose is to prepare eligible candidates for successful professional careers. Depending on his or her major field, each student has the opportunity to become:

a proficient instrumentalist or vocalist, able to interpret a variety of musical styles;

a creative arranger-composer, able to contribute to the evolution and growth of our musical culture;

an inspiring teacher, able to present an organized approach to the mastery of musical technique;

a multi-skilled professional, able to respond to any musical challenge.

Curriculum

Program Offerings

Berklee College of Music offers the Bachelor of Music degree as well as a four-year program leading to the Professional Diploma. In either program, career majors include Performance, Arranging, Jazz Composition and Arranging, Composition, Professional Music, Film Scoring, Electronic Music, Music Production and Engineering. The Major in Music Education, as well as the Five Year Dual Major combining Music Education with each of the above majors, is available to Degree candidates only.

Both degree and diploma programs are designed to help students achieve excellence in professional music. Intensive concentration in musical subjects provides each student with the necessary tools for developing his or her musical talent to the fullest, in order that there may be thorough preparation to meet the highly specialized demands of a career in professional music.

In the Degree Program, professional education is combined with studies in liberal arts so that music may be perceived in the substantial context of a more general culture. The Diploma Program is devoted entirely to the study of music and does not include academic courses required of degree candidates.

In both the Degree and Diploma programs the College offers the option of a "student-created" major. From a wide variety of course offerings, students may obtain appropriate curriculum guidance and counseling to structure a major geared to a special interest or musical strength.

Drummer Buddy Rich, accompanied by Lawrence Berk, attend ensemble class conducted by Herb Pomeroy

The First-Year Curriculum

Berklee's innovative First-Year Program has at its heart a unique and personalized placement process that maximizes each entering student's learning potential. Through testing and personal counseling, students from differing music backgrounds are placed in appropriate study sequences geared to individual needs.

During this first year, all students follow a closely coordinated, interrelated series of courses. Both Degree and Diploma candidates work in the same subject areas, except that Degree candidates also take a required academic subject.

Specific areas of study include harmony, theory/arranging, ear training, listening/analysis, ensemble and private instrumental/vocal study. Each subject is taught on six different skill levels: Basic (I & II), Intermediate (III & IV), and Advanced (V & VI). After comprehensive testing, students are assigned to appropriate levels within each course area.

Students may change levels at any time according to demonstrated ability, thus assuring meaningful progress on an individual basis. Each student will complete the equivalent of one, two or more semesters in each course and the amount of work completed during the first year will determine subsequent placement into second year courses.

In this manner, Berklee's unique, flexible First-Year Program insures meaningful progress and provides continuing incentive for individual initiative and ability. The Program provides a solid musical foundation, and gives entering students the skills, experience, and perspective essential in choosing a career major.

Ear Training Laboratory

The Upper-Year Curriculum

The Berklee Upper-Year Curriculum is designed to prepare the student for a successful career as a professional musician and/or teacher. The immediate concern is with the practical application of contemporary teaching methods in a stimulating and productive atmosphere.

Selection of a Major is made during the second semester of attendance. With the help of a Faculty Advisor, the student has the opportunity to examine his or her musical and educational objectives and select a career major from a curriculum designed to meet the varied challenges of today's dynamic music profession. Each study sequence is designed to produce a graduate whose professional skills are commensurate with the goals of the Program and Major.

The following majors—unless otherwise indicated—may be selected by either Degree or Diploma candidates.

Noted film composer John Williams discusses sequence from "Jaws" score with Berklee students.

Major in Performance

The Performance Major is designed to prepare students for a playing or singing career in any or all of many contemporary musical styles, including jazz, pop, rock, theater or studio work. Study of the principal instrument, or voice, includes intensive private instruction, laboratory classes, participation in a wide variety of ensembles, and public performance.

Major in Arranging

The Arranging Major is for students preparing for careers as professional arrangers. The program provides a broad background in fundamental arranging skills, as well as in-depth study of numerous musical styles. This major is designed to enable the student to develop the musical expertise needed to create or re-create the various styles of contemporary music in a professional manner. The performance of student arrangements provides aural awareness of the arranging techniques studied in the classroom.

Major in Jazz Composition & Arranging

The Jazz Composition and Arranging Major is designed for students who have a strong interest in developing writing skills in the jazz idiom. Courses in the program are organized with the dual purpose of exposing students to standard and experimental techniques in the works of the great jazz composers, and providing the musical/technical resources needed to develop individual jazz writing styles.

Major in Composition

The Major in Composition is intended for students who wish to acquire a working knowledge of the principal compositional devices that form the basis of the musical masterworks of our time. Composition courses provide the opportunity for analysis and development of important writing techniques in both traditional and contemporary idioms.

Major in Professional Music

This major is intended for students preparing for a career in professional music. Such students may be interested primarily in arranging/composition or in performance, or they may wish to structure an individualized program related to a unique combination of interests. The flexibility of the major in Professional Music permits a wide choice of subject areas from the many available music electives.

Major in Film Scoring

This major offers the compositional devices, scoring techniques, and technical information needed for the composition of music for films and video. Student projects are performed and recorded under studio conditions, and then synchronized to film or videotape and analyzed. Included in the major are studies of the psychological bases of music, as well as techniques on the Moviola related to click-track synchronization, editing, free timing, and overlaps.

Don Wilkins, Chairman of the Berklee Film Scoring Department, demonstrates the use of the Moviola in synchronizing dialogue and video with musical sound track

Major in Electronic Music

This major provides a thorough and practical course of study in electronic music. Individual courses cover theory and application of synthesis techniques from basic to advanced levels. Regular, supervised, hands-on sessions in the electronic music studio are an integral part of the program. Included in the major is participation in weekly synthesizer ensembles that provide "real-time" performing experience.

Michael Rendish, Chairman of Electronic Music Department, discusses synthesizer techniques.

Major in Music Production and Engineering

This major provides thorough training for students who intend to pursue careers as producers of musical master tapes for records, film or video sound-tracks, radio or television commercials, or any professional sponsor, while developing a solid musical background. Students receive intensive hands-on training in recording studio technology and procedures, and individual instructor-assisted time in the college's three professionally equipped recording studios, culminating in the actual production of studio-quality master tapes. Students are also exposed to the business aspects of professional music production, including production companies and contracts, promotion and distribution.

Major in Music Education

The Music Education Major is designed to prepare qualified students to teach all aspects of public school music. Traditional and innovative approaches are used to develop competence in both instrumental and vocal areas. The Berklee approach to teacher-preparation training encompasses the mastery of many musical styles—from classical to contemporary—so that graduates of the program are fully qualified to provide instruction according to varying student needs and interests.

The Berklee College of Music Major in Music Education is approved by the Interstate Certification Compact. Students who complete the teacher education program meet all requirements for certification in Massachusetts and are automatically eligible for reciprocal certification in all states participating in the Interstate Certification Compact.

The Five Year Dual Major in Music Education

The Five Year Dual Major in Music Education provides students with the unique opportunity for simultaneous training in secondary school music and any of the other principal majors currently available at the College.

The Five Year Dual Major combines major concentrate courses in Performance, Arranging, Composition, Film Scoring, Jazz Composition and Arranging, Electronic Music or Music Production and Engineering with standard Music Education subjects, allowing qualified students to earn a degree in two major fields of study. The Music Education Dual Major thus offers the advantage of two professional objectives: thorough preparation for a public school teaching position combined with the acquisition of specific professional skills in an additional area of career opportunity.

As with the Four Year Program, students who successfully complete the Five Year Dual Major in Music Education meet all requirements for participation in approved teacher education programs, and are automatically eligible for certification in Massachusetts, as well as reciprocal certification in all states participating in the Interstate Certification Compact.

Admission Requirements

The Degree Program

Applicants for admission to the Degree program are expected to have had a minimum of two years of musical study and/or significant experience in some phase of music.

Graduation from an accredited high school or preparatory school is the normal academic prerequisite for admission to the Degree program.

Other requirements, as specified on the official College application form, include:

- 1 letters of reference
- 2 scores of college entrance examinations. These examinations are given by the applicant's secondary school or by direct arrangement with:

The College Entrance Examination Board
Box 592, Princeton, N.J. 02540 (Eastern Office)
Box 1025, Berkeley, Calif. 94701 (Western Office)

or

The American College Testing Program
Box 168
Iowa City, Iowa 52240

The college annually accepts a significant number of applicants transferring from other institutions. Transfer credits may be accepted from an accredited institution of higher education. However, credit will not be allowed for courses in which the applicant has received a grade lower than "C," or its equivalent, and transfer placement in music courses will be determined only by examination. In all cases, at least four semesters of fulltime study must normally be spent at Berklee to qualify for the Degree.

CLEP Examinations The national program of placement and credit by examination—known as the College Level Examination Program (CLEP)—has been approved by Berklee College of Music as a means for establishing equivalent course credit in certain academic courses. Applicants who have completed CLEP exams in general education subject areas listed in the College Catalog may submit their scores by mail to the Admissions Office, and request credit by examination in such courses. Requests for CLEP credit by examination in academic subjects may also be made during the registration period through the Office of the Registrar.

High School Equivalency Certificates are not an automatic substitute for the High School Diploma, and the recognition of such equivalency documents is subject to careful evaluation. Applicants who are not high school graduates will be considered for the Degree program upon submission of a State High School Equivalency Certificate. Residents of states in which such an arrangement is not in effect may consult their State Board of Education for information.

The Diploma Program

Applicants for admission to the Diploma program are expected to have had a minimum of two years of musical study and/or significant experience in some phase of music. Other requirements are:

- 1 graduation from an approved secondary school or
- 2 the completion of at least 12 units in an approved secondary school or a High School Equivalency Certificate.

No college entrance examination board scores are required of Diploma applicants.

The 2-Year Certificate Program Diploma students who successfully complete the first two years of the Diploma program are eligible to apply for a Certificate. This request may be submitted to the Registrar subsequent to the recording of grades for the fourth full-time semester of work.

Student cafeteria at Berklee

Admission and Registration Procedure

The Office of Admissions, Berklee College of Music, 1140 Boylston St., Boston, Massachusetts (02215), is in charge of all matters concerning admission. Each applicant should obtain an application form from this office. Since the number of new students that can be admitted to Berklee each year is limited, students should complete the application procedure at their earliest convenience.

Pre-Registration of Entering Students Upon notification of acceptance, applicants are required to submit a \$100 payment in order to be considered an entering student. The payment confirms the applicant's intent to attend the College, and secures his place in the class. The payment is not refundable, and may not be applied to any other semester.

This payment by the entering student becomes a permanent pre-registration deposit for the subsequent semester of study (see Pre-Registration of Continuing Students). It is therefore not creditable against the entering student's expenses for the semester.

Pre-Registration of Continuing Students Pre-registration of continuing students for a subsequent semester of study is announced periodically by the College. At that time, continuing students make course selections from the College's current Course Offering Brochure. Faculty Advisors are available to assist in evaluating the desirability of course selections for establishing a particular career objective. Continuing students not completing the prescribed procedures in accordance with the published deadline date are charged a \$35 late registration fee. Continuing students not wishing to pre-register for a subsequent semester of study and giving the College timely notification in accordance with the published deadline — or who are graduating — are entitled to a refund of their permanent \$100 pre-registration deposit. Otherwise, the deposit is neither refundable nor transferable to another semester.

Registration Registration takes place immediately prior to the starting date of each semester. For entering students, registration consists of orientation, testing and consequent placement at the appropriate level in each First Year subject area, and opportunity for meeting with Faculty Advisors. Students are not permitted to register later than ten class days after the start of the semester. No student is permitted to attend any class for which he is not officially registered.

Advanced Placement examinations are given during registration for all entering students. These examinations are an integral part of the extensive testing program which determines the appropriate level for all new students.

Payment of Tuition Tuition and fees are payable in full on or before the starting date of each semester. Payment of tuition and fees is part of registration; accordingly, no student's registration is complete until all tuition and fees for the current semester have been paid. Checks should be drawn to the order of Berklee College of Music. Where applicable, the same policy applies to students resident with the College (see General Information—Housing).

International Students Persons who are citizens of countries other than the United States may apply for admission in the normal manner, but all international applicants must consult their United States consular officer abroad regarding immigration regulations, and present the proper documents to qualify for a student visa. The applicant must also give evidence of an adequate knowledge of English to the consular officer, and must present a FORM I-20 which confirms admission to the school. The I-20 form will be sent after the student is notified of acceptance and has submitted the payment required for classification as an entering student.

Arranging, Theory, Ensemble

B.M., Berklee College of Music; composition studies, University of Colorado. Former Instructor, Montessori School, Cambridge. Founder and leader of "Cambridgeport Jazz Ensemble." Private instructor, guitar, theory, and arranging. Freelance work for Kenyon & Echart. Film credits include "Desert Maneuvers" and "Dream Film." Recipient of Art and Humanities Grant of the Cambridge Council.

William Scism

Theory, Arranging, Ensemble

B.M. Berklee College of Music Studies with Carmine Caruso. Principal arranger for U.S. Army Band, Fort Monmouth, N.J. Performances with New Jersey State Orchestra and numerous theater orchestras. Professional performing artist.

Maggi Scott

Voice Coaching

Alumna, Juilliard School of Music; studies with John Mehegan and Leo Litwin. Experienced professional artist and established private instructor for many years. Performances with many groups; solo appearances in top jazz clubs and lounges, and with the Boston Pops; leader of own trio. Staff pianist for Channel 5-TV; recording artist, including her albums How About Me, and You and I.

Michael Scott

Theory, Arranging, Ensemble

B.M., Berklee College of Music; alumnus, University of Missouri. Engagements with Les Elgart, and with own group in radio and television appearances throughout New England. Tours with University of Missouri concert and stage bands. Winner 1970 Mid-western Collegiate Jazz Festival composer/arranger award. Private instructor in saxophone in U.S. Army Band, Bedford Public Schools and Kansas City, Mo.

Larry Senibaldi

Guitar

Principal guitarist for theater productions including Colonial, Schubert and Carousel theaters. Professional recording experience. Soloist with variety of jazz groups.

Visiting Artist Series guest, alumnus, Pat LaBarbera.

Thomas Sheehan

Piano repair / Maintenance
B.M., Berklee College of Music; studies, Piano Technicians' Guild Seminar. Extensive concert appearances with the David Bromberg Band and the Quinaimes Band. Recorded with Columbia and Elektra artists.

Carolyn Sirois-Zuch

English
A.A., Chamberlayne Junior College; B.A., M.A., Northeastern University. Instructor in English Composition, Northeastern University and Ursuline Academy (Dedham, MA). Former Vice-President of Political Science Advisory Committee, and Assistant Editor of Handbook for Composition Teachers of Northeastern University.

Allen Smith

Music Production and Engineering
Professional recording engineer and audio consultant. Recordings for RCA, Robert Ellis Orrall "Fixation" and "Call the AH-OH Squad"; CBS, Phil Gentile "Mama Lied"; Polydor, David Chocron "City Rhythm"; TV documentary film, "A Question of Rape"; TV Science Series, "Discover"; location sound for original Beatlemania TV commercials. Soundtracks, multi-image shows for numerous organizations including Boston Globe, American Red Cross, Digital, Gillette Corporation, New England Telephone, and Prime Computer. Former Chief Engineer and VP/Manager of Studio 3 Inc.

Paul J. Smith

History and Political Science
A.B., Wheaton College (Illinois); A.M., Ph.D., Boston University. Former Lecturer in History, Boston University College of Liberal Arts and instructor, Metropolitan College, Boston University.

Charles Sorrento

Theory, Voice, Ensemble
B.M., Berklee College of Music. Professional performing artist. Pianist, vocalist, and arranger/composer for Lesly & Friends and the New Direction Band. Recordings with Mitch Farber (Muse Records, NY); appearances with Dee Clark, Laverne Baker, and the Platters.

Don Sterling

Coordinator, Listening Laboratory; Theory, Ensemble
Undergraduate studies, Boston University. Professional performing artist with Bob Hope Show and Donald O'Connor Show European tours. Extensive experience with numerous club and radio groups. Former director "Upward Bound" music program, University of Mass. Founder and Director of Arlington Youth Stage Band Programs.

John Stevens

Theory, Arranging, Voice
B.M., University of Mississippi; M.M., Florida State University. Former Music Director of WFSU-FM Radio, Florida, and producer-host for many radio concert programs. Performances with many vocal and instrumental groups. Former Instructor, Mississippi College.

Jeffrey Stout

Theory, Ensemble
B.S., Westchester State College; M.M., New England Conservatory of Music. Former instructor in instrumental music and general music, Pennsbury District (PA) Public Schools. Featured soloist, Buddy Rich Orchestra. RCA recording artist. Appearances with Tony Bennett, Judy Garland, Smokey Robinson.

Lawrence Suvak

Music Education, Woodwinds, Conducting

B.Mus. Ed., Baldwin-Wallace College; M.M., New England Conservatory of Music. Clarinet with Felix Viscuglia. Former member of Music Education Department of New England Conservatory and Instructor in Concord public schools. Professional performing artist with numerous theater and symphonic groups.

Michael T. Szymczak

Guitar, Ensemble

B.M., Berklee College of Music; graduate studies at Alfred University. Guitar studies with William G. Leavitt and Vincent Bredice. Instructor in Music Education in public and private schools. Professional engagements with Vikki Carr, Al Martino, and Anna Marie Alberghetti. Guitarist for "Jacques Brel is Alive and Well and Living in Paris," "Mame," "The Boyfriend," "Promises, Promises," and "Hello Dolly."

Ken Taft

Guitar, Ensemble

Professional guitarist for many theatrical productions. Numerous club dates with variety of groups, including Danny and The Juniors. Former private instructor in Rhode Island.

Nancy Tellier

Voice

Alumna, Rhode Island College and Berklee College of Music. Experienced private instructor. Performing artist in variety of idioms; professional keyboardist and writer.

Bruce Thomas

Arranging, Theory, Ensemble

B.Mus.Ed., University of North Carolina. Composer, arranger, pianist for Chet Baker, Ornette Coleman and for NY studios. National and international tours; professional performing artist with Stevie Wonder, Jerry Butler, Gladys Knight and The Pips. Compositions for Eastman Jazz Ensemble, Art Garfunkel, and for Major Records; composer of production music and video scores for American Express.

William C. Thompson

Theory, Arranging, Ensemble

B.M., Berklee College of Music. Many years experience as professional performing artist, including U.S. Air Force, Arlington Philharmonic, and TV appearances. Former Instructor, Elma Lewis School and Massachusetts Correctional Institutions Programs.

Edward Tomassi

Arranging, Theory, Ensemble
Diploma, Berklee College of Music; studies, Rhode Island School of Music. Professional performer and arranger for various jazz groups in Rhode Island area. Private teaching experience in saxophone and improvisation.

Alexander Ulanowsky

Theory, Harmony
B.A. Dartmouth College; alumnus, New York College of Music and Berklee College of Music. Former Instructor, Stamford, Conn. Public Schools and Boston "Summerthing" program. Private teaching experience in piano and Theory, Bedford Music Center. Professional jazz and studio work. Toured with Buddy Rich band.

Eduardo Uribe

Percussion, Ensemble
B.M., Berklee College of Music; A.A., City College of San Francisco. Professional performing artist with numerous traditional and jazz groups, with Latin-Jazz group, Este Momento, and jazz group, Isotope on TV5-TV7. Recordings with Brazilian ensemble, Mandinga, and for jingles, radio and TV demo packages at many studios, including Continental, Century 777, Soundtrac, and Newbury Sound.

David van Slyke

Music Production and Engineering
B.M., Berklee College of Music. Professional recording engineer and producer; former lecturer, Massachusetts Institute of Technology. Producer/engineer for PBS and WCBS in New York, for Cambridge "Off the Wall Cinema," and for PBS TV. USA tours as instrumentalist with showband Mystique; experienced rehearsal pianist, vocal coach, and composer.

Joseph E. Viola

Chairman, Woodwind Department

Solo instrumentalist on clarinet, saxophone, oboe, English horn. Resident study in Paris with Marcel Mule. Extensive professional performances in radio, television, and musical theatre orchestras. Transcriptions and recordings at CBS and NBC, New York and California. Author of *The Technique of the Saxophone*, *Chord Studies for Saxophone*. Co-author, *Chord Studies for Trumpet*, *Chord Studies for Trombone*. Director, Berklee Faculty Saxophone Quartet.

David Vose

Theory, Arranging
 B.M., Berklee College of Music. Percussion studies with Alan Dawson, Gary Burton, and Fred Buda. Counterpoint and Composition studies with Hugo Norden. Professional performing artist in a variety of styles; T.V., recording, club and theatre experience. Clinics throughout the United States and England including the Ludwig International Percussion Symposium. Formerly a percussion instructor at the University of Lowell. Member of the Percussive Arts Society. Music published by Kendor, C.L. Barnhouse, and Columbia Pictures.

Wayne Wadhams

Music Production & Engineering Department
 B.S., Dartmouth College. Record/motion picture producer and sound technician/engineer. Former owner, Studio-B, Boston. Producer of records for U.S. and foreign labels since 1964; documentary, promotional films and commercials by his own company, Film Associates, since 1969; location sound recording and mixing of various film features, including "Return of the Secaucus Seven" and "Lianna", by director John Sayles. Acoustical and recording studio designer; guest lecturer in motion picture and record production at Harvard University, Dartmouth, Columbia University, and Brown University, as well as at the American Film Institute.

Paul Wagner

Woodwinds, Arranging, Theory
 B.S., University of Bridgeport; alumnus, Berklee College of Music. Former Instructor in public schools of Trumbull, Stamford, Conn. and Wakefield, Mass. Private teaching throughout Eastern Massachusetts and Southern Connecticut. Professional performing and recording artist. Arranger for numerous vocal/instrumental groups. Member Kappa Delta Pi Honor Society in Education.

Wayne Ward

Music Education, Conducting
 B.A., Tufts University; M.M., Eastman School of Music. Graduate studies in educational administration, Harvard University. Former Instructor of theory and vocal music and theory, Dansville, N.Y. public schools. Experienced choral/choir director; professional accompanist and coach; music director for numerous productions, including Newport Music Festival and Turtle Lane Playhouse. Compositions in a variety of media.

David Weigert

Theory, Arranging, Ensemble
 B.M., Berklee College of Music; alumnus, University of Rhode Island. Experienced private instructor; artist in residence for RI State Council on the Arts. Performances with Clifford Jordan, Donald Byrd; recordings for "Ictus" and Hal Crook Animal Band. Former Instructor, Rhode Island School of Music.

Faculty member Gary Burton, ('68), *right*, and graduate Makoto Ozone, ('83), now a member of the celebrated ensemble, are spotlighted during a concert by the Gary Burton Quartet at the Berklee Performance Center.

Don Wilkins

*Chairman,
Film Scoring Department*
B.M., Berklee College of Music; undergraduate studies, American River College of Sacramento; graduate study, California State University. Film Composition with Albert Harris and Earle Hagen. Professional performer/arranger for variety of groups and theatre productions. Music Editor for Tom Jones "London Bridge Special" on NBC and composer/editor for many NBC, CBS, ABC network specials, including segments of ABC-TV movies "River of Gold" and "Maybe I'll Come Home." Composer/director of original score to winner of Atlanta Film Festival work, "Like a Crow on a June Bug." Supervised editing/mixing of Walter Scharf's "The Living Sea" and arranged material for Swedish TV special on George Gershwin.

John Wilkins

Guitar, Ensemble
B.M., Berklee College of Music. Instructor in guitar, Needham (Ma.) public schools and in private studios. Performances with Phillip Black Quintet, and the Narya jazz trio.

Bret Willmott

Guitar
Undergraduate studies, Merritt College and California State University. Former Instructor at Roger Calkins Music and the Music Complex of California and Scorpio Music, Boston. Extensive professional experience as a performing artist.

Phil Wilson

Trombone, Ensemble, Arranging
Professional performing artist with variety of groups, including Woody Herman, Louis Bellson, Clark Terry, Buddy Rich, Herbie Hancock, Dorsey Brothers Orchestra. Former Director of Clinics at Mellon Arts Center, Harvard University, Yale University, Kansas State, University of California. Recordings for Famous Door, Boston Pops, Polydor, Freeform, Columbia, Seasac and RCA. Former Chairman of Jazz Division, New England Conservatory of Music. Board of Directors, International Trombone Association.

Robert Winter*Piano*

B.Mus., Boston University; alumnus, Berklee College of Music. Professional experience in many styles on T.V., radio, recording, club and show engagements. Former accompanist for Hildegard; toured with Ray McKinley/Glenn Miller Orchestra, and with Henry Mancini and the Boston Pops. Former Musical Director, Playboy of Boston and Lecturer in History of Jazz and American Music, Northeastern University. Currently regular pianist for Boston Pops Esplanade Orchestra under John Williams. Numerous clinics and concerts at Cultural Center of Philippines, Manila; appeared at Fairbanks Summer Arts Festival, University of Alaska; solo recording for Shiah Records.

Clifford Wittstruck*Core Music, Ensemble,
Guitar*

B.M., Berklee College of Music. Professional arranger and guitar soloist for variety of groups including Inside Straight, which appeared with James Brown, Roy Buchanan, Sun Ra, and Junior Walker and the All Stars. Featured soloist with Wolverines Classic Jazz Orchestra, Minnesota Vikings Big Band, and numerous Top 40 bands. Recordings of jingles, video spots and demos with numerous artists. Instructor and clinician for Minneapolis public schools, Trestman Music Centers, and West Bank (MN) School of Music.

Orville Wright

Piano, Ensemble, Arranging
Diploma, Berklee College of Music. Professional performing experience throughout U.S. Accompanist with Harry Belafonte. Appearances at International Exposition in Montreal, Caesar's Palace, Las Vegas and the Hollywood Amphitheatre. Specialist in Steeldrum Band performance.

Steve Young*Bassoon*

Undergraduate studies. Eastern New Mexico University; Berklee alumnus, Bassoon with John Miller (Minnesota Symphony), Stephen Maxym (Metropolitan Opera) and Phillip Kolker (Baltimore Symphony). Former bassoonist with National University Symphony of Mexico and Santa Fe Opera; Boston engagements include Boston Ballet, Boston Opera Co., Cantata Singers and orchestras of the Schubert and Colonial theatres. Experienced private instructor.

Emanuel Zambelli*Piano*

Diploma in Piano, Boston University, Piano with Alfredo Fondacaro, Jesus Maria San Roma and Robert Casadesus. Organ with Dowell McNeill, N.E.C. Solo concert appearances with Arthur Fiedler and at Isabella Stewart Gardner Museum. Awarded Koussevitsky Memorial Fund Scholarship in chamber music. Former instructor in piano at Boston University. Piano debut, Jordan Hall. Author, *Scale Patterns for Keyboard*.

Kenneth Zambello*Ensemble*

B.M., Berklee College of Music; alumnus, Hartt College of Music. Professional composer/arranger and performing artist on tuba/bass. Former Instructor, Hartt College. Radio/TV commercials for Continental Recordings; arrangements for jazz groups, pop albums, marching band and for Indonesian producer Januar Ishak.

George Zonce*Theory, Ensemble*

B.M., Berklee College of Music; special studies, Navy School of Music. Trumpet with Armando Ghitalla. Performances with Petula Clark, Mel Torme, Burt Bacharach. Toured and recorded with Buddy Rich. Soloist on "Jazz in the Classroom" albums.

Description of Courses

Arranging and Scoring

Freshman Theory/Arranging

A variably paced Freshman Program course designed to allow the student to cover as much of the sequential Arranging Department materials as is educationally appropriate. Pacing is determined by initial placement testing, continued counseling, and demonstrated ability. Instruction may include materials from *Theory*, *Arranging 1*, and *Arranging 2*.
Variable credit (Depends on level/placement)

Arranging 1

Basic music theory and review of fundamentals, including rhythmic/melodic dictation, scale and chord structure, and terminology. Arranging studies of transposition techniques, the rhythm section, principles of melodic analysis, and two-part writing.
6 credits

Arranging 2

Principles of melodic embellishment and harmonic continuity. Complete discussion of close and open position harmonization in three and four parts. Principles of harmonic tension and approach techniques. Background writing. Students produce and hear arrangements for various instrumental combinations.

Note: All music courses carry 2 credits unless otherwise indicated.

Continuation Study in Arranging 2

Emphasis on individualized instruction for students seeking the opportunity to further absorb techniques covered in Arranging 2. Written arrangements and score analysis projects required.

Chord Scale Voicings for Arranging

Five and Six part writing for instruments. Application of voicings in 2nds, 3rds, and 4ths. Upper structure triads, clusters and other non-mechanical voicings derived from chord scales. Extensive score analysis.

Continuation Study in Chord Scale Arranging

Emphasis on individualized instruction for students seeking the opportunity to further absorb techniques covered in Chord Scale Voicings for Arranging. Written arrangements and score analysis projects required.

Commercial Arranging for Large Ensemble

Emphasis on various ensemble styles. Use of doubling instruments and practical voicings. Commercial string writing as applied to studio orchestras. Use of transposed scores.

Commercial Arranging for Small Ensemble

Small group arranging techniques applied to popular and standard repertory. A variety of instrumental combinations is explored.

Pop Style Vocal Arranging

Vocal arranging techniques in popular and jazz styles. Un-accompanied writing; piano and instrumental accompaniments; vocal backgrounds. Vocal notation and problems in group writing.

Role of the Arranger in Studio Production

A lecture course designed to acquaint aspiring arrangers with all aspects of recording studio production of such projects as phonograph records, TV and radio commercials, and film sound tracks. Discussion of business as well as musical considerations.

Rock Arranging for the Recording Studio

Writing for the rhythm section; one, two, three and four part writing for winds, brass, strings and voices. Analysis of popular song forms and various rock arrangements. Discussion is related to recording techniques that pertain to the rock arranger.

Writing Radio and Television Commercials

Preparation and layout of commercials for radio and television. Rehearsal and recording procedures for vocal and instrumental sound tracks.

Instrumentation

A study of woodwinds, brass and rhythm section instruments. Detailed discussion of the principles underlying instrument construction and consequent physical properties. Discussion of writing considerations involving tone quality, range restrictions, technical strengths and weaknesses, and sectional blending.

Scoring for the Rhythm Section

Scoring for the various instruments of the Rhythm section. Independent use of the rhythm section and use with other instruments. Rhythmic devices and special effects analyzed with recordings and scores.

Scoring for Percussion

Survey of the idiophonic, membrane, and accessory families of percussion instruments, their demonstration, and discussion of notation, range, techniques, and effects. Scores from Broadway shows, studio orchestral, chamber and solo pieces.

Scoring for Strings

Discussion of string instruments, their special effects and proper notation. Principles of string orchestration and voicing techniques.

Scoring for Woodwinds

A study of the woodwind/saxophone family. Examination of tone color, solo-ensemble character and voicings.

Jazz Arranging for Small Ensemble

Jazz arranging techniques for the rhythm section and various small group instrumental combinations. Emphasis on developing complete rhythm sectional sound with or without winds.

Arranging in the Rock Idiom

Arranging instrumental back-up music for vocalists. Problems of group vocal arranging are also considered. Materials are drawn from contemporary standard rock repertory.

Big Band Arranging and Score Analysis

Analysis of scores by contemporary big band arrangers such as Bill Holman, Thad Jones, Manny Albam, Graham Collier, Oliver Nelson, etc. Library assignments and class discussion. Written arrangements and score analysis projects required.

Continuation Study in Big Band Arranging

Emphasis on individualized instruction for students seeking the opportunity to further absorb techniques covered in Big Band Arranging. Written arrangements and score analysis projects required.

Jazz Arranging for Large Ensemble

Analysis of scores for the large jazz ensemble. Emphasis on understanding of basic material as a source of ideas for orchestration, ensemble color, and texture. Development of individual techniques. Final project required.

A Survey of Jazz Composition and Arranging

A comprehensive study of the evolution of jazz arranging and composition from the 1920's to the present. Score analysis of representative works by Fletcher Henderson, Duke Ellington, Gil Evans, Thad Jones and others. Extensive listening. Written arrangements not required.

Advanced Commercial Arranging for Large Ensemble

Problems of writing for studio orchestra including woodwinds and strings. Staging and pacing of acts. Collaboration with choreographers on music for dance. Orchestration and analysis of current harmonic practices.

Advanced Jazz Arranging for Small Ensemble

Continuation of course material in Jazz Arranging for Small Ensemble. Performance of student arrangements in class. Discussion of form, improvised solos, and new developments in notational practice for small jazz ensembles.

Advanced Jazz Arranging for Large Ensemble

Analysis and application of principles found in music of Gil Evans, Thad Jones, McCoy Tyner. Extended application of modal and serial contrapuntal techniques to jazz ensemble arrangements.

Arranging for Theatre Orchestra

Arranging for vocalists, instrumentalists, and theatre productions.

Arranging for the High School Jazz Ensemble

Principles of writing for high school jazz ensembles with standard and mixed instrumentation. Range problems, rhythm section parts, special considerations for high school musicians; examination of published scores.

Contemporary Arranging and Composition

An overview of techniques encountered to date; the primary objective being to place each technique in proper musical perspective. Development of individual creativity through conferences with the instructor. Written projects.

Arranging for Contemporary Chamber Jazz Ensemble

The arranging of original tunes, combining both traditional jazz techniques and contemporary compositional concepts. Analysis of taped examples.

Line Writing

Arranging for large ensemble groups utilizing available note voicings and linear techniques.

Arranging in the Style of Duke Ellington

Analysis and application of the band style of Duke Ellington.

Scoring for Instrumental Ensembles in the Secondary School

Orchestration for wind, string and percussion instruments as used at the secondary school level. Principles of score layout/arranging for concert band, marching band and high school orchestra.

Scoring for Full Orchestra

Orchestration techniques for full symphony orchestra. Illustrations from representative scores.

Developing Short Cuts in Arranging

A practical approach to developing speed when arranging for all size ensembles. Discussion of abbreviations and shortcuts used by arrangers and methods used to produce completed arrangements with or without a score in a short period of time.

Directed Study in Arranging

Emphasis on individualized instruction which will give student writers the chance to absorb technical material and apply it to various arranging situations with the musical guidance of the instructor.

Music Copying and Calligraphy 1

Concentration on basics. For students who are not familiar with music copying materials and may be lacking certain notational skills. Emphasis on use of the pen, hand and eye coordination, and the study of printed music.

Music Copying and Calligraphy 2

Fundamentals of music calligraphy. The techniques of part extraction and score layout. Use of music copying pens, choice of manuscript paper and types of ink. Survey of copying styles in popular music. Class projects.

Music Copying and Calligraphy 3

Continuation of Music Copying and Calligraphy 2. Beginning traditional and engraved-style copy work. Study of photo-ready copywork.

Harmony

Freshman Harmony

A variably paced Freshman Program course designed to allow the student to cover as much of the sequential Harmony Department materials as is educationally appropriate.

Pacing is determined by initial placement, testing, continued counseling, and demonstrated ability.

Variable Credit (Depends on Level/Placement).

Harmony 1

Basic harmonic theory. Intervals, diatonic triads, root motion, chord symbols, Roman numeral analysis. Principles of chord progression, inversions, and linear harmonic continuity. Blues harmony.

3 credits

Harmony 2

Continued exploration of modern chord progression. Dominant and secondary dominant relationships. Chord patterns. Passing diminished chords. Minor key chord progression. Sub-dominant minor.

3 credits

Harmony 3

Extension of principles of modern chord progression. Analysis and synthesis of progressions found in current popular music. Substitute dominant chords. Modulations. Blues progressions. Diminished chord patterns and appropriate substitutions.

Harmony 4

Extension of principles of modern chord progression. Deceptive resolution. Melody-Harmony relationships. Extended endings and turn arounds. Modulations. Line cliches. Minor key progressions. Correction and/or reharmonizations of standard progressions.

Reharmonization Techniques and Modal Harmony

Principles of modal chord progression and melody writing. Modal interchange. Use of pedal point and ostinato. Key area and extended reharmonization with voice-leading. Constant structure progressions. Hybrid structures.

Harmonic Consideration in Improvisation

A course designed to explore the relationship between improvisation and harmonic context. Analysis of harmonically sophisticated tunes using analytical techniques from Harmony 4. The use of chord scales in improvisation and analysis of recorded jazz solos. Discussion of specific harmonic idioms and their related improvising styles. Tunes by Coltrane, Hancock, Corea and Shorter, among others, will be included.

Harmonic Analysis of Rock Music

A study of rock harmony, bass lines and melodies as practiced in the various periods and types of rock music. Recorded examples and published music will be analyzed with an emphasis on characteristic harmonic devices. Influential performers and groups will be discussed at length.

Linear Harmony

Working with major tonality harmonic functions as an outgrowth of linear melodic tendencies. Emphasis in aural development, identification of characteristic chord progressions, and reharmonization of tunes.

Advanced Harmonic Concepts

An extension of Departmental Harmony sequence with emphasis on newer concepts to enable students to write and understand tunes in the style of Mike Gibbs, Chick Corea.

Advanced Modal Harmony

Modal chord progression. Analysis of modal jazz and popular tunes. Voicings with characteristic modal tones, and original composition of modal melodies.

Contemporary Trends in Chord Progression

Analysis of contemporary tunes from various musical perspectives. Harmonization as a function of melody, inner lines, and overall musical context. Use of these concepts along with principles of reharmonization and modulation, in writing and scoring tunes.

Post Be-Bop Harmonic Innovations

Survey and harmonic analysis of music growing out of the Be-Bop jazz era. Extensive study of John Coltrane, Miles Davis, Wayne Shorter and Thelonius Monk. Discussion of blues forms and modal harmony as used in the 1960's. Application of harmonic concepts through composition of original music.

Ear Training

Freshman Ear Training

A variably paced Freshman Program course designed to allow the student to cover as much of the sequential Ear Training Department materials as is educationally appropriate. Pacing is determined by initial placement testing, continued counseling, and demonstrated ability.

Variable Credit (Depends on Level / Placement)

Ear Training 1

Development of basic ear training skills through singing and dictation studies. Triadic harmony studies and basic modern rhythms. Melodic studies in major keys.

3 credits

Ear Training 2

Continuation of Ear Training 1. Modern rhythm studies, diatonic seventh chord harmonic studies, melodic studies in major keys.

3 credits

Tony Bennett performs with Berklee Concert Jazz Orchestra

Ear Training 3

Continuation of Ear Training 2. Ear training skills developed through singing and dictation drills. Minor mode studies. Secondary dominant studies. Basic record copying projects involving a variety of musical styles.

1 credit

Ear Training 4

Continuation of Ear Training 3. Modal singing and dictation studies. Interval studies and 2 and 3 part dictation. Basic atonal music studies.

1 credit

Rhythmic Ear Training

An ear training course designed to improve the student's ability to sight-read and notate rhythms. The course begins with recognition of simple, common rhythmic phrases and progresses to complete practical transcriptions of the rhythms in recorded materials (Baroque, Latin, Disco, Jazz, etc.).

Solfege 1, 2

Development of sight-singing skills using the movable DO method. Rhythm, pitch, and intervals drills in G, F, and C clefs. Part singing.

Harmonic Ear Training 1, 2

Identification of chord progressions. Root motion, guide tone resolution, melody/harmony relationships. Acquisition of dictation skills.

Advanced Ear Training 1, 2

Listening to and identifying intervals in tonal and non-tonal situations. Intended to bridge the gap between "relative pitch" and hearing by interval alone. Preparation for singing atonal music.

Atonal Solfege 1, 2

A continuation of solfege which will concentrate on atonal music. Books used include the "Modus Novus." and the choral works of Webern.

Fundamentals of Transcription

A course designed to teach the student how to transcribe recorded material. Emphasis on small instrumentation and vocal music as found in jazz, pop, and rock. Techniques taught for transcribing melody, harmony, and bass lines.

Popular Song Transcription

A course designed to teach the student how to transcribe songs and arrangements common in current popular music. Most projects are chosen by the student in his/her area of musical interest. Project presentation in class.

Transcribing Jazz Solos

Record transcriptions of jazz solos from various periods. Classroom analysis and discussion.

Performance Ear Training for Winds, Strings & Mallets 1, 2

Performance Ear Training for Keyboards 1, 2

Performance Ear Training for Guitar 1, 2

Performance Ear Training for Bass 1, 2

Performance Ear Training for Percussion 1, 2

Performance Ear Training for Voice 1, 2

Ear training with an emphasis on practical performance experience. Recognizing pitch, rhythm, harmony, and timbre by ear. Some dictation. Some non-syllabic sight singing.

Analysis

Freshman Listening/Analysis

A course designed to acquaint the student with the principal elements of music through analytical listening. Students are exposed to numerous musical styles on a variety of levels.

Rhythmic Analysis

Aspects of rhythmic structure in musical analysis on various architectonic levels. Analytical procedures of Grosvenor Cooper and Leonard Meyer. Illustrations from variety of composers, including Haydn, Beethoven, Stravinsky, Joplin, Ellington and Lennon-McCartney.

The Music of Miles Davis

A course tracing the development of the music of Miles Davis. Examination and discussion of the evolution of his playing and writing styles. Concentration on the listening and analysis of improvised solos, tunes, forms, harmonic practice and the development of jazz.

The Music of John Lennon

A brief review of Lennon's early years. Pre-Beatle influences. Analysis, projects, and possible performances of his music. Lennon's philosophical and political/world involvement through music and lyrics. Brief examination of his poetry.

The Music of Charles Mingus

An investigation of the basic elements discovered in the compositional and arranging style of Charles Mingus. Categorization and analysis of various works.

Style Analysis of Baroque to Neo-Classic Music

Research into compositional practice and stylistic distinctions in music from the Baroque to Neo-Classical periods. Analysis of representative works.

Style Analysis of 20th Century Music

Early 20th Century to the present. Examination of the development in mainstream, serial, electronic, aleatoric and experimental composition.

The Symphonies of Beethoven

The evolution of Beethoven's musical language as evidenced by the micro-structure and macro-structure of symphonies I through IX.

The Beethoven String Quartets

Comparative study and analysis of the principal Beethoven quartets. Relationship of Beethoven's quartets to his work as a whole. Examination of the outstanding compositional characteristics of this important body of literature.

Bartok's Chamber Music

Score analysis, discussion and study of Bartok's chamber works. Comparison of formal characteristics, scoring and compositional practices.

Early Chamber Music of Arnold Schonberg

Analysis of the early tonal and free atonal techniques in Schonberg's pre-1923 compositions. Examinations of the causes and effects of pre-serial techniques on 20th Century composition.

Traditional Musical Forms in the 20th Century

A comprehensive survey of the forms in which music has been written from the Renaissance and Baroque through to the 20th Century. Passacaglia, fugue, sonata, rondo and all other forms are historically traced and analyzed to show their adaptations to each period of musical composition.

The Symphonies of Jean Sibelius

Analysis of the development of the Sibelius style from the First through the Seventh Symphonies. Methods by which the Finnish master utilized tone, color, motive, development, beat modulation and modal counterpoint.

Symphonic Form in the 20th Century

A survey of 20th century symphonic literature. An examination of the use of classically-oriented forms and their relative importance, with the various composers. The individual approach to instruments, the growing popularity of the Concert Band as a medium and the general concept of what constitutes a symphony.

Analysis of Sonata Forms

A comparative, historical study of sonata forms from the Baroque period to the present. Selective analysis of representative works by Scarlatti, Haydn, Mozart, Beethoven, Schubert, Chopin, Brahms, Debussy, Sessions, Carter. Emphasis on historical development and evolution of the sonata form. A term paper as final project is required.

The American Avant-Garde

A survey and in-depth analysis of the music of composers who have worked in the United States and whose efforts have taken them into experimental areas of creating.

Instrumental Studies

The instrumental program at Berklee is designed to equip each student with the performance skills necessary for the professional musician. Private instruction, technique classes, and repertory/materials sessions are combined with participation in performance ensembles and/or instrumental labs.

Private Instruction

Private lesson instruction provides students with individual guidance in developing technique, learning repertory, and acquiring a sense of musical direction. The content of private lesson material is established by each instrumental department, and supplementary material may be developed by individual instructors.

Problems of phrasing, control, and technical flexibility are examined in detail for the purpose of developing the skills necessary for competent performance.

Additional, elective instrumental study is available in accordance with the Outline of Courses for each program of study.
2-4 credits per semester, according to program

Trumpet

Theory of tone production, breathing and embouchure. Studies: Arban, Berman, St. Jacome, and Schlossberg. Selected etudes. Representative solo and ensemble literature. Concentration on professional repertory and solo/sectional performance with professional bands and studio ensembles.

Trombone

Development of basics—breathing, embouchure, articulation, and slide technique—to provide the foundation for creative musical expression. Studies: Arban, Blazeovich, Bozza, Boutry and others as prescribed. Representative solos and ensemble literature, both traditional and contemporary. Concentration on professional performance in modern idioms.

Saxophone

Theory of tone production, breathing and embouchure. Studies: Karg-Elert, Lacour, Diemente, "Technique of the Saxophone" by Joseph Viola, Loyon and Bozza, solos by Ibert, Diemente, Hartley and Mule. Concentration on all phases of professional work: orchestral, dance band and small group. Analysis of recorded solos. Application of contemporary technique to playing of jazz and classical music.

Piano

Technique: scales, arpeggios chords, and tone-control. Technical studies and traditional piano literature at all levels. Jazz and popular materials at all levels including voicing techniques, improvisation, sight-reading, transposition and stylization. Advanced study in modern chord progression and reharmonization. Both large and small group repertory. Analysis of recorded solos.

Keyboards

Instruction in electronic keyboard techniques and combinations, including synthesizer, acoustic piano, electric piano and clavinet. Emphasis on touch differences, patching, pedal-effects, amplification/equalization, pitch blending, vibrato technique and ambidexterity. Soloing and compositionally-adapted textural effects.

String Bass-Electric Bass

Technique: All aspects of playing are explored through study of basic positions, scales, arpeggios, and concepts of improvisation. Attention is given to creating bass lines, establishing time relationships, bowing and picking techniques, and producing electronic effects. Studies include standard repertoire, transcriptions, orchestral studies, selected solos, contemporary compositions and jazz group solo techniques.

Guitar

Scales, arpeggios, chords, sight reading and rhythm guitar. Theory of modern harmony (progressions, voicing, chord-scale relationships) as applied to improvisation and other solo techniques. Studies: A Modern Method for Guitar by Wm. G. Leavitt and selected traditional literature. Pick-style approach required for minimum of four semesters or equivalent.

Percussion

Snare technique: basic and advanced rudiments. Studies: Pace, Chapin, Stone, Allbright, Leavitt, Wilcoxon and Gardner. Emphasis on modern jazz technique concentrates on the Goldenberg method as well as the four-mallet principle. Timpani: Freise and Goodman. Selected solos, orchestral literature, and repertoire. All majors in percussion must eventually perform on mallets and timpani. Special studio and jazz performance techniques.

Voice

Fundamental principles of tone production and breath control. Standard vocalise materials and studies. Techniques of group singing and exploration of stylistic interpretation. Appropriate repertoire in jazz, popular and traditional idioms.

Violin, Viola, Cello

Technique: the study of traditional and contemporary scales, progressions, chord sequences and articulations. Studies: Suzuki, Whistler, Mazas, Kreutzer, Rode. Solo and duo repertoire. Principles of professional performance in the jazz idiom.

Tuba

Tone production, breathing, embouchure development. Scales and arpeggios. Studies: Arban, Schlossberg, Blume. Solo and ensemble repertory. Role of the tuba as a sectional instrument in jazz and studio ensembles.

Flute

Theory of tone production, breathing and embouchure. Studies: Taffanel, Gambertas, Koehler, Boehm, and Soussman. Prescribed solos and sonatas, etudes, symphonic literature and orchestral repertory. The flute as a doubling instrument in studio ensembles. Analysis of recorded solos by name performers in professional music.

Oboe

Theory of tone production, breathing, embouchure. Studies: Vade Mecum Andraud, Debondue, Hewitt, Gillet, Barret, "Complete Oboe Method." Solos from the traditional literature. The oboe as a doubling instrument in studio ensembles.

Clarinet

Theory of tone production, breathing and embouchure. Studies: Eugene Gay, Lazarus, Klose, Kroepsch, Cavallini, Rose, and selected duets. Solo works: Brahms Sonatas, Mozart Concerto, Debussy Rhapsody, Nielsen and Copland Concertos, and pertinent orchestral repertory. The clarinet as a doubling instrument in studio ensemble. Analysis of recorded solos by representative artists.

Bassoon

Tone production, breathing, embouchure. Studies: Milde, Weissenborn, Piard. Selected solos and ensemble passages from the repertory. Reed making and fixing. The bassoon as a doubling instrument in studio ensembles.

French Horn

Theory of tone production, breathing and embouchure. Fundamental materials and studies. Solos from the traditional literature by representative composers. Problems of professional studio playing and sectional phrasing in jazz ensembles.

Class Instruction

Keyboard Class for Music Education Majors

Intended for majors in Music Education. A graduated method piano study for the beginning student dealing systematically with note reading, rhythm, and technique. Materials range from separate hand studies to simple two-voice pieces and include simple melodies with chordal accompaniment, transposition, choral-style accompaniments and sight reading of open score vocal arrangements.

1 credit, each semester

Basic Keyboard Technique 1

For non-piano majors. Comping, harmonic continuity. Triads, seventh chords; melody and accompaniment. Standard song form; blues.

Basic Keyboard Technique 2

Continuation of Basic Keyboard Technique 1 for non-piano majors. Advanced comping, voicing; additional melody/accompaniment techniques.

Flute Class For Music Education Majors

Functional study of the flute. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.

1 credit

Clarinet Class

Functional study of the clarinet. Fundamentals of embouchure formation, fingering, breathing.
1 credit

Clarinet Class for Music Education Majors

Functional study of the clarinet. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.
1 credit

Double Reed Class for Music Education Majors

Functional study of double reed instruments. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.
1 credit

Trumpet Class

Functional study of trumpet. Solo and ensemble practice.
1 credit

Trombone Class

Functional study of the trombone. Solo and ensemble practice. Discussion of other lower brass instruments.
1 credit

Trumpet Class for Music Education Majors

Functional study of the trumpet. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.
1 credit

Trombone Class for Music Education Majors

Functional study of the trombone. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.
1 credit

Percussion Class for Music Education Majors

Functional study of percussion instruments. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.
1 credit

Guitar Class for Music Education Majors

Functional study of the guitar. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.
1 credit

String Class

Functional instruction in violin, viola, cello and acoustic bass. Basic technique. Ensemble practice.
1 credit

String Class for Music Education Majors

Functional study of stringed instruments. Technical fundamentals of class instruction in music education. Use of representative elementary/secondary school methods and materials.
1 credit

Repertory/Materials**Woodwind Repertory 1,2****Brass Repertory 1,2****String Repertory 1,2****Guitar Repertory 1,2****Keyboard Repertory 1,2****Percussion Repertory 1,2**

Courses for majors in Traditional Performance designed to routine the instrumentalists in the performance of standard classical literature.

Instrumental Laboratories

The Instrumental Laboratory Program consists of small instrumental groups organized within the instrumental department. A variety of subject areas such as sight-reading, accompaniment techniques and stylistic interpretation are offered on different levels. The labs reinforce and expand upon materials covered in private lessons, and also prepare students for participation in the Ensemble Program.

Keyboard Lab - Comping 1, 2, 3

Instrumental Laboratory for Piano principals emphasizing comping studies and the application of these techniques to the jazz ensemble.

Keyboard Lab - Reading 1, 2, 3

Instrumental Laboratory for Piano principals emphasizing studies in a variety of musical idioms.

Keyboard Lab - Repertoire

Instrumental laboratory for Piano principals emphasizing the study of various keyboard techniques applied to standard, popular, and jazz tunes.

Guitar Lab - Chords 1, 2

Instrumental laboratory for Guitar principals emphasizing chord studies, voice leading, and physical development on the guitar.

Guitar Lab - Reading 1, 2

Instrumental laboratory for Guitar principals emphasizing reading studies in a variety of musical styles.

Guitar Performance Lab

Performance laboratory for freshmen guitar principals emphasizing group performance in a variety of musical idioms.

Advanced Guitar Performance Lab

Performance laboratory for upper-semester guitar principals emphasizing group performance in a variety of musical idioms.

1 credit

Guitar Chord - Soloing 1

Introduction to chord-soloing. Playing and writing chord solos.

Guitar Chord - Soloing 2

In-depth study of chord-soloing techniques, including reharmonization and walking bass lines.

Advanced Sight Reading - Guitar

Intensive sight reading applying the techniques of speed learning. Variety of available materials.

Guitar Comping/Chord Soloing

Techniques for developing mobility in the execution of chord voicings. Rhythm patterns for backing soloists. Improvisation of chord solos using standard tunes.

Advanced Guitar Voicings

Chord-voicing mobility applied to structures in thirds, fourths, fifths and cluster combinations.

Note: All labs carry 1/2 credit unless otherwise indicated

Rhythm Guitar Lab

Performance of right hand rhythms in jazz, rock and Latin idioms. Comping with walking bass. Use of upper structure triads in jazz-rock.

Show/Theater Guitar Lab

Performance and study of guitar books from Broadway shows, night clubs and recording sessions.

Guitar Improv/Repertory

Harmonic analysis of tunes for improved understanding of melody/harmony relationships in improvisation. Discussion of chord scales. Memorization of tunes.

Rock Guitar Lab

Reading and performance of right hand rhythms, solo and arrangements in the rock idiom. Use and analysis of electronic effects. Arranging for bass and drums.

Country Guitar Lab

Performance of material from "Country Guitar Styles" including single note solos, pedal steel style, four finger-picking and Western swing.

Guitar Synthesizer Lab

Applications, scope and limitations of guitar synthesizers. Discussion of performance techniques and related problems. Hands-on experience with the ARP Avatar.

Electronic Effects for Guitar

Hands-on training with current electronic devices. Use of guitar synthesizer, harmonizer, programmable bass/drums, and digital delay.

Classical Guitar Chamber Music 1

Sight reading literature written or transcribed for classical guitar. This is an intermediate level lab.

Classical Guitar Chamber Music 2

Sight reading more advanced literature written or transcribed for classical guitar.

Beginning Percussion Lab

For beginning percussion players. Covers the use of snare drum, bass drum, cymbals, tambourine, triangle, simple mallet music and tympani in an ensemble setting.

Percussion Lab**Chart Reading 1, 2**

Instrumental laboratory for Percussion principals emphasizing the study and interpretation of drum set parts for the jazz ensemble.

Percussion Performance Lab

Performance laboratory for Percussion principals emphasizing group percussion performance in a variety of musical idioms.

Beginning Mallet Technique

An introductory course to mallet percussion. Topics include 4 mallet grip, sticking, vibraphone pedaling and mallet dampening. Basic reading skills and chord voicing ideas are also discussed.

Intermediate Mallet Technique

Rehearsal of quartet and quintet material for mallet ensemble. Detailed method for interpreting chord symbols and efficient use of 4 mallets.

Intermediate Improv/Mallets

Concepts of improvisation along with their execution will be the main focus. Tension-resolve patterns and the choice and application of modes will be the principal topics.

Advanced Improv/Mallets

Improvisational concepts and their application to various styles of tunes.

Advanced Mallet Technique

This lab is primarily concerned with expanding and increasing the 4 mallet technique. Topics include stickings, 4 mallet rolls and independence.

Listening Concepts - Mallets

Analytic listening applied to performance situations. Emphasis on aural recognition of chord tensions and intervallic structure.

Solo Technique - Mallets

The vibes as a solo instrument. Techniques such as dampening, left hand accompaniment, voicings, reharmonization will be covered.

Comping for Mallet Players

Drills and exercises to speed up recognition and recall of basic chord types. Open and close voicing, tensions, and voice leading discussed and practiced. Style and variety also explored. Accompanying chordal ear training each week.

Marimba Performance Lab

A lab for advanced percussionists specializing in interpretations and transcriptions of Baroque and Classical literature.

Styles of Latin Percussion 1, 2

Introduction to authentic rhythms from Brazil and the Caribbean. Basic technique, ensemble rehearsal, ear training, and polyrhythmic material. Patterns for two conga drums, timbales and bongos in an ensemble setting.

Fusion Lab 1, 2

Incorporating the rhythms of other cultures into jazz and rock music for drum set.

Use of the Matched-Grip Drum Set

Techniques and exercises to facilitate the development of proficiency in use of the matched-grip drum set.

Double Bass-Drum Studies

Style and technical coordination in the use of two bass drums in jazz and rock.

Orchestral Percussion Techniques

A lab-based approach to percussion repertoire. Concentration on snare drum, bass drum, cymbals, accessories, xylophone, and glockenspiel.

Introduction to Timpani

Emphasis on intervallic recognition, setting the pitch, tone concepts, rolls, dynamics and sticking. Performance of two timpani etudes.

Intermediate Timpani Lab

Techniques of tuning while playing. Experience with repertory, and intermediate to advanced etudes for 3 to 4 drums.

Orchestral Timpani Techniques

Lab for complete timpani repertory. Material covered includes classical, romantic, contemporary periods. Included are actual orchestral excerpts.

Polyrhythm 1

Rhythm and meter studies; including basic figures, metric modulation and superimposition.

Polyrhythm 2

Review of polyrhythmic concepts. New material dealing with longer spans of time. Broken time perception, and drum set interpretation.

Solo Transcription - Drum Set

Analysis of style through the transcription of 4 to 8 measure phrases, as well as complete solos of different drummers.

Improv/Composition - Drum Set

A study of the intricate relationship between improvisational and compositional skills, and how they relate to various formal structures.

Woodwind Lab - Sectional 1, 2, 3

Instrumental laboratory for Woodwind principals emphasizing the development of the woodwind section for the jazz ensemble.

Woodwind Lab - Reading 1, 2, 3

Instrumental laboratory for Woodwind principals emphasizing reading studies in a variety of musical styles.

Clarinet Choir

Emphasis on traditional literature for clarinet; clarinet choir materials; three, four, and five part music; reading and interpretation.

Flute Choir

Emphasis on traditional literature for the flute; flute choir material; three, four, and five part music; reading and interpretation.

Saxophone Quartets

Traditional saxophone quartet playing music by a variety of composers.

Trumpet Lab - Reading 1, 2, 3

Instrumental laboratory for Brass principals emphasizing reading studies in a variety of musical styles.

Trumpet Lab - Sectional 1, 2, 3

Instrumental laboratory for Brass principals emphasizing the development of the brass section in the jazz ensemble.

Note: All labs carry 1/2 credit unless otherwise indicated.

Brass Choir

Large brass group performing traditional brass choir music.

Trombone Lab — Reading 1, 2

Instrumental laboratory for trombone principals emphasizing reading studies in a variety of musical styles.

Trombone Choir

Large trombone ensemble performing mostly traditional music.

Advanced Trombone Performance Lab

Ten trombones performing music specially written for the group. Participants are urged to contribute compositions and/or arrangements.

Bass Lab - Basics 1, 2

Instrumental laboratory for Bass principals emphasizing the basic techniques and styles of bass playing in a variety of musical idioms.

Bass Lab - Lines 1, 2

Instrumental laboratory for Bass principals emphasizing the construction and performance of bass lines through chord changes in standard, popular, and jazz tunes.

Vocal Reading Lab 1, 2

Vocal Laboratory for voice principals emphasizing reading studies in a variety of musical idioms.

Vocal Lab — Sectional 1, 2

Introductory performance laboratory for voice principals emphasizing fundamental choral performance techniques in a variety of musical idioms.

The Jazz Choir

Training in performance of 20th century vocal music, including the styles of Lambert, Hendricks and Ross; Singers Unlimited and others. Student arrangements may also be performed.

The Contemporary Choir

A mixed (SATB) vocal lab for all students. Performance of music in the Pop, Rock and Broadway idioms.

String Chamber Music

Small groups, performing traditional music for strings in a variety of idioms.

Improvisational String Lab

An improvisation lab which utilizes conventional and experimental concepts of basic jazz language, ear to hand coordination and melodic development.

Jazz Violin Lab

Advanced improvisational concepts as applied to strings. Reading charts with jazz phrasing; higher level bowing and left hand development.

World Fiddle Group

Use of the fiddle in ethnic music: American (Appalachian, Texas, New England), Balkan, Latin, Swedish, Indian, Irish, as well as bluegrass and western-swing styles.

Ensembles

The Ensemble Program consists of a variety of mixed instrumentation performance groups. The program is designed for students with demonstrated performance capabilities, including those qualified students participating in the Instrumental Lab Program. While the Lab Program concentrates on teaching specific performing skills, the Ensemble Program provides actual performing experience emphasizing the application of those skills.

Specific ensembles include the following:

Buddy Rich Band

Big Band Ensemble playing arrangements from the Buddy Rich Band Library.

Woody Herman Band

Big Band Ensemble playing arrangements from the Woody Herman Band Library.

Count Basie Band

Big Band Ensemble playing arrangements from the Count Basie Band Library.

Thad Jones — Mel Lewis Band

Big band ensemble performing arrangements from the Thad Jones — Mel Lewis band library.

Louis Bellson Band

Big Band arrangements from the Louis Bellson Band Library.

The Art Blakey Ensemble

A small group ensemble performing jazz compositions and arrangements of standards used by Art Blakey and the Jazz Messengers.

The Horace Silver Ensemble

A small group ensemble performing arrangements of Horace Silver originals and standards.

Cannonball Adderley Ensemble

A small group ensemble performing music recorded by the Cannonball Adderley Quintet.

The International Dues Band

A large concert jazz ensemble that features the playing of original music written specifically for this group by student composers.

Jazz/Rock Ensembles

Performance of student works; variety of musical styles in the jazz/rock idiom.

Latin Ensembles

Performance of Latin-American music. Exploration of different Latin rhythms.

General Business

Emphasis on tunes and procedures for General Business or Club Date work.

Concert Band

Rehearsal and performance of contemporary works for concert band. Two concerts a year in which the band may be joined by soloists or choral groups.

Contemporary Wind Ensemble

Playing modern pieces written specifically for this ensemble by students. Unique chamber woodwind and percussion instrumentation.

Dixieland Ensembles

Improvisation and learning of songs in the Dixieland style.

Trombone Ensembles

All-trombone group, with rhythm section, playing contemporary jazz and rock arrangements.

Note: All ensembles carry 1 credit unless otherwise indicated.

Large Theater Orchestra

Playing "Broadway" show scores. Experience in theater orchestra playing. Shows vary each semester.

Small Theater Orchestra

Playing "Broadway" show scores written for smaller instrumentation.

Vocal/Instrumental Ensembles

Top 40, Show Band, Nite Club type material. Some two, three, and four part vocals as well as solos; head charts.

Improvisational Styles Ensembles

Performing ensembles with emphasis on various improvisational idioms from be-bop to more modern interpretations.

Multi-Keyboard Ensembles

Performance ensembles integrating electronic keyboards with acoustic instruments.

Keyboard Improvisation Ensemble

Discussion and playing of contemporary, be-bop, and other styles of music for keyboards and rhythm section; work on improvisation and comping in the piano trio style. Use of original material and standard jazz compositions.

Rhythm Section and Vocal

Rhythm section(s) with vocalists. Some arrangements; head charts

Woodwind Ensembles

Woodwind trios, quartets, and quintets playing traditional and contemporary music.

Woodwind Jazz Ensembles

Professional level performance situations for woodwind doubles. Reading skills required in a variety of musical styles and idioms.

Repertory Workshops

Harmonic analysis and performance of standard and contemporary jazz repertory.

Small Jazz Ensembles

Small group playing in jazz, rock, swing and Latin idioms. Ensemble playing and some soloing.

Large Jazz Ensembles

Big Bands of varying sizes and instrumentations playing arrangements in contemporary idioms.

Jazz Composition Ensemble

Performance of student projects of contemporary multimovement jazz pieces. Polytonal music, and some free form.

Project Bands

(organized to play student arranging projects)

Recording Bands
Line Writing Bands
Jingle Writing
Show Bands
Film Scoring
Small Ensembles
Large Ensembles

Ensembles in the Recording Studio

Rhythm Sectionals
Brass Sectionals
Sax Sectionals
String Sectionals
Large Ensemble Sessions
Vocal/Instrumental Groups
Vocal Groups

Vocal Ensembles

Jazz Choirs
Traditional Chorus
Chorale
Sight-Reading Ensembles
Contemporary Choir
College Singers

Performance Studies

Improvisation for Guitar 1

Application of modes and pentatonic scales in performance with prerecorded rhythm section tapes. Comping and melodic embellishment techniques in a variety of settings including Latin/Rock, Jazz/Rock, Fusion, Bossa Nova and Blues.

Improvisation for Guitar 2

Application of altered scales derived from melodic and harmonic minor in performance with prerecorded rhythm section tapes. Melodic embellishment and phrasing; comping and rhythm techniques relevant to Rock/Flamenco, Fusion, Latin/Rock, Samba and Jazz Waltz.

Improvisation for Guitar 3

Symmetric scales, additional altered modes; chord scale possibilities explored through harmonic analysis. Chord voicings and comping techniques in Jazz, Latin, Funk, and Ballad styles. Student performances of solo and comping part with prerecorded tapes.

Improvisation for Guitar 4

Harmonic and melodic analysis of a variety of tunes to determine effective melodic embellishment, improvisation, and accompaniment technique in style of each tune. Performance with prerecorded tapes in mixture of styles and tempos.

Guitar Performance Styles

Analysis of contemporary guitar styles and effects. Lectures by experts in various styles. Focus on jazz, rock and country as well as styles of specific artists. Emphasis on performance. Assignment of student projects.

The Guitar in the Rhythm Section

The training of guitarists in the various styles and techniques utilized by contemporary rhythm sections. Performance with complete rhythm section. Materials chosen to cover variety of forms used in contemporary music. Some repertory development.

Ragtime and Fingerpicking Guitar

Analysis and performance of Ragtime and Delta Blues, music by Mississippi John Hurt, Merle Travis, Chet Atkins, Reverend Gary Davis. Emphasis on student performance, research, and building a repertory of representative pieces.

The Guitarist in the Recording Studio

To prepare guitarists for work in a studio by exposing them to a variety of actual recording situations. Students will record individual parts on pre-recorded tapes that represent various styles. Emphasis on selection of the proper instrument (or device), creating the right 'feel' and recording technique for each musical style.

Fundamentals of Improvisation for Bass

Application of scales and modes to improvisation on the bass. Recordings are utilized to discuss and analyze major bass styles and performers. Course is designed to help prepare bassists for rhythm section labs.

The Bass in the Rhythm Section

The training of bass players in the various styles and techniques utilized by contemporary rhythm sections. Performance with complete rhythm section for application of techniques discussed. Materials chosen to cover variety of forms used in contemporary music. Some repertory development.

Bass Performance Styles

Students will transcribe and perform solos, lines, etc. of major bass players in jazz. Projects will be chosen to reflect many different styles found throughout the history of jazz. Emphasis on major innovators: Mingus, Chambers, Pettiford, etc.

Fundamentals of Improvisation for Percussion

Analysis of the major percussion styles of the last twenty years. Survey, discussion and performance of standard repertory. Melodic/harmonic analysis and their application to mallet instruments. Course is designed to help prepare percussionists for rhythm section labs.

The Drum-Set in the Rhythm Section

The training of drummers in the many styles and techniques used by contemporary rhythm sections. Application of various techniques through performance with complete rhythm section. Materials chosen from variety of sources.

The Piano in the Rhythm Section

The training of pianists in the various styles and techniques utilized by contemporary rhythm sections. Performance with complete rhythm section. Materials chosen to cover variety of forms used in contemporary music. Some repertory development.

Chamber Music For Pianists

Emphasis on communicative, support techniques for the pianist when performing with others. Class performance of materials brought by visiting students from various departments. Study of performance practices from other periods and reviews of records/tapes. Three required recital performances.

Contrapuntal Jazz Improvisation for Pianists

Emphasis on the walking bass line through the study of a series of rhythmic/melodic motives. Simultaneous linear or chordal improvisation in the right hand. Student analysis of transcriptions and weekly class performance.

Piano Accompaniment Techniques

Extensive listening and analysis of accompaniment (comping) techniques utilizing taped examples of professional players in a variety of styles. Use of style, rhythm and voicing techniques in contrast and imitation in a supportive role. Emphasis on the student's ability to interact successfully with the solo instrumentalist or vocalist.

Voice Class for Instrumentalists

Instruction and practice in vocal production for the non-voice principal. Designed to acquaint instrumentalists with basics of singing, and to improve their arranging/composition skill when writing for voice. Class participation with emphasis on fundamentals of breathing, resonance and vowel sounds.

Jazz Vocalese

Singing and analysing instrumental solos. Study of forerunners of vocalese, including Eddie Jefferson, Lambert, Hendricks & Ross, Manhattan Transfer. Comparison of variations in tempo, phrasing and voice inflection to instrumental versions.

Vocal Improvisation in the Jazz Idiom

Contemporary pitch and rhythmic exercises for the voice. Style analysis of various recording artists, including Ella Fitzgerald, Sarah Vaughn, Al Jarreau, George Benson, Sonny Rollins and others. Course projects based on in class performance; improvisation on standard tunes.

Advanced Techniques of Voice Production

Analysis and performance of extended technique in voice production geared toward free functionality in contemporary singing. Emphasis on the athletics of singing as applied to vowel format, body alignment, maintenance of vocal health and the kinetics of breathing. Techniques acquired in the class will be applied to individual repertory.

Renowned vocalist/composer Betty Carter accepts the Berklee Award Plaque for Outstanding Music Achievement from President Lee Eliot Berk.

Vocal Performance Workshop

Preparing a student to perform vocally on a professional level. Microphone technique, how to introduce a song, pacing of material to suit different types of lounges, clubs, and show rooms. Concert and solo performances, group singing for commercials. How to rehearse and prepare lead sheets.

Diction for Singers

Rules for pronunciation of German, French, Italian, and English using the International Phonetic Alphabet. Learning to pronounce single words and phrases. Application of phonetic symbols to song lyrics in each language.

Popular Singing Styles

A survey of well-known singers including Cleo Laine, Stevie Wonder, James Taylor, Joni Mitchell and others. Listening and discussion of techniques and styles, through the use of recordings and scores, culminating in an in-class performance. The class is open to all vocalists (not necessarily vocal majors) and accompanists.

Jazz Singing Styles

Listening, discussion and analysis of the specific vocal techniques of jazz singers. Topics covered include lyrics, phrasing, and style transcription of leading jazz vocal artists. Weekly song preparation and in-class performance experience.

Improvisational Techniques

Discussion and illustration of various approaches to improvisation in several types of music. Included will be recordings and transcriptions of major artists.

Advanced Improvisational Techniques

Performance/analysis of original jazz tunes. Students use their own compositions as well as specially prepared tunes. A variety of improvisatory forms are covered.

Improvisation in the Latin/Jazz Idiom

Performance and analysis of Latin-American music and related song forms. Recorded examples of important players. Discussion of inner and outer form. Rhythmic and melodic performance dictation.

Improvisation in the Jazz/Rock Idiom

Analysis and performance of rock and jazz/rock songs. Recorded examples of important players. Discussion of inner and outer form. Rhythmic and melodic performance dictation.

Improvising on Standard Songs

Performance of standard tunes. Analysis of improvisational principals through the use of chord scales, guide tones and other techniques. Principals of form.

Improvisational Theory

A discussion of advanced jazz improvisation. Analysis of contemporary forms and styles. An examination of the unique performance techniques and analytical devices used by master players and innovators.

Chord Scale Theory in Improvisation

Designed for performers. The application of chord scales to harmonic progression. Chord scale/chord symbol relationships within the context of improvisation. Melodic content in improvisation that involves sequences in fourths, upper structure triads and other techniques.

Jazz Interpretation

The purpose of this course is to develop a personal and individual jazz style. This will be accomplished through an emphasis on improvisational and interpretative techniques. Activities will include hearing, analyzing, and playing selected transcribed solos of well known jazz artists. Individual and group improvisation will be an integral part of each class meeting.

Jazz Improvisation 1, 2

Each class includes analysis and performance of common jazz forms and devices. Materials are chosen to cover the variety of forms used in jazz and to provide a repertoire of tunes most common to the jazz musician. Recordings and solo analysis of master players exemplify devices and techniques universally employed by jazz musicians. Each class will contain a small jazz group where students will be able to apply the techniques that are discussed. Classes will be offered on multiple levels from basic to advanced depending on the proficiency of the participants.

Performance & Analysis of Be-Bop Music

Analysis and performance of music in the style of Parker, Gillespie, Clifford Brown, Kenny Dorham and others. Standard progressions and transcribed solos from music of the 40's and 50's are analyzed and performed.

Salsa Music

The origin and development of Afro-Antillian music. Rhythmic and melodic performance/dictation. The rhythms of Guaguanco, Mambo Jazz, Pachanga, Bomba, Plena and Bolero will be covered.

Survey of Performance Synthesis

An overview of synthesizers and other electronic instruments in performance applications. Recorded examples, synthesizer demonstrations, guest lecturers and performers.

Introduction to Performance Synthesis

Basic instrumental techniques as applied to synthesizers: the use of pressure and/or velocity sensitive keyboards, wheels, knobs, sliders, joysticks, and pedals to achieve phrasing, dynamics, sound balance, blend, projection and special effects.

Aural Skills Development for Performance Synthesis

Techniques for aural recognition of the structural elements of sound. Reconstruction of sounds at the synthesizer with emphasis on listening skills.

Performing Harmony Workshop 1, 2

Playing harmony parts (2nd, 3rd, and 4th) to a given melody by ear through the use of guide tones. Discussion of chord progressions used in popular and standard songs.

Noted jazz pianist Teddy Wilson and son, Berklee student Steven Wilson at the Berklee Performance Center.

Commencement Speaker
Arif Mardin ('58)

Commercial Band Workshop

How to play and manage a general business job. What you are expected to know as a sideman and as a leader. Analyzing audience response as well as similarities in the night club and social function businesses.

Recital Seminar

Students perform two twenty-minute recitals for which they will be responsible for organizing and preparing music of their own choosing. Consultation with the instructor on an individual basis concerning programming, performance and audience response.

Rehearsal Techniques

Students rehearse ensembles with prepared materials of their own choosing. Discussion and analysis to follow each rehearsal.

Conducting 1

Techniques of conducting vocal and instrumental music. Fundamental beat patterns. Discussion and study of terminology, problems of tempo, phrasing and articulation.
1 credit.

Conducting 2

The course assumes basic beat pattern knowledge and covers three areas: 1) symphonic conducting with an instrumental soloist (concerto), 2) symphonic conducting with a vocal soloist (operatic aria) and 3) symphonic conducting of a major modern work involving complete meter changes. Works used include a romantic piano or violin concerto, an operatic excerpt and a piece such as Petrouchka, or The Rite of Spring.
1 credit.

Conducting 3

Continuation of Conducting 2. This course is designed for the student who wishes to further his abilities in conducting. Emphasizes refining conducting skills and expanding repertory.

Directed Study in Conducting

Intended for students interested in professional orchestral conducting. Course will include more advanced baton work, and detailed discussion of the relation of the conductor to the score and to the orchestra.

Conducting 1, 2, 3, 4 for Music Education Majors

Techniques of conducting. Fundamental beat patterns. Discussion and study of terminology, problems of tempo, phrasing and articulation. Geared to the needs of music educators in the public schools. Laboratory sessions provide practicum in vocal and instrumental situations.
1 credit, Each semester.

Recital Class for Music Education Majors

A performance class for Music Education majors. Students prepare for solo and ensemble presentations intended to demonstrate proficiency on their principal instrument.

Honorary degree recipient
Quincy Jones ('51) at Berklee
Commencement Concert

Composition

Traditional Harmony and Composition 1

Traditional harmony and basic compositional procedures. Concentration on modal and tonal triadic harmony. Figured bass, principles of voice-leading, chorale and homophonic textures.

Traditional Harmony and Composition 2

Continuation of Composition 1. Advanced traditional harmony and intermediate compositional procedures. 7th chords, altered chords, modulation.

Contemporary Techniques in Composition 1, 2

Specific techniques of traditional 20th Century composition. Technical devices such as quartal harmony, serial writing, polytonality, and contrapuntal techniques are illustrated and described. Assignments are directly related to each of these aspects of composition and are performed in class.

Jazz Composition 1

A systematic approach to the art of composing in the jazz idiom. Exploration of melodic, harmonic, and rhythmic principles. Standard jazz song forms. Analysis of jazz standards. Arranging considerations applied as a means of enhancing a composition. Projects for small jazz group required.

Jazz Composition 2

Composition of extended jazz pieces for large ensemble. Examination of representative works by various important jazz composers. Discussion of form and content as it applies to extended composition in jazz. Composition of a ten minute piece for large jazz orchestra required.

Chord Scale Composition

An examination of the tonal possibilities of the chromatic scale and the related harmonic and melodic devices available to the contemporary jazz composer.

Composition for Jazz Orchestra

Composition for jazz orchestra. A seminar for advanced students.

Berklee Jazz Trombone Choir
under the direction of Phil
Wilson

Composing for the Small Jazz Ensemble

Application of contrapuntal, motivic, and developmental techniques to composition for small jazz ensemble. Weekly analysis projects illustrate a variety of topics. Emphasis on study of representative works from both the European and jazz traditions, including compositions by Bartok, Ives, Stravinsky, Coltrane, Ellington, Oliver Nelson and Monk. Ensemble performance of projects.

Composition of Popular Songs 1

An examination of different song styles and probable reasons for their success. Lyric writing in the popular song idiom. Students compose their own songs and arrange them for class performance.

Composition of Popular Songs 2

Continuation of Composition of Popular Songs 1. Students arrange and produce a demonstration tape of an original song in the recording studio.

Directed Study in Sonata Composition

Sonata form. The composition of an extended 3-movement sonata for Piano or for Solo Instrument and Piano.

Chairman Donald Puluse,
Music Production
and Engineering Dept.

Directed Study in Orchestral Composition

The composition of an extended work for full contemporary orchestra. Intended to demonstrate the student's ability to handle large orchestral groups in a characteristic and coherent manner.

Choral Composition

Traditional scoring techniques for full chorus, with and without instrumental accompaniment. A traditional-style choral composition is required as a class project.

Techniques in Classical-Romantic Composition

Study and application of variation techniques from Mozart through Brahms. Analysis of representative works. Class projects include the composition of a short work in traditional variation form.

Counterpoint

Traditional Species Counterpoint

Two-part counterpoint. Species and free counterpoint in traditional style. Modal counterpoint, modulating counterpoint.

Traditional Two-Part Canon and Invention

Continuation of Traditional Species Counterpoint. Two-part canon and two-part invention.

Traditional Three-Part Fugue

Three part counterpoint; three part fugue.

Traditional Four-Part Fugue and Motet

Four part counterpoint; four part fugue; motet in 16th Century style.

Jazz Counterpoint 1

Study of the process for creating multiline textures in a given melodic and/or harmonic situation. Voice leading, melodic analysis and embellishment, rhythm, and form. Assigned written projects to emphasize the role of contrapuntal practices in arranging.

Jazz Counterpoint 2

Continuation of Jazz Counterpoint 1. Emphasis on the role which counterpoint plays in jazz composition.

Advanced Contrapuntal Forms

An advanced course in traditional counterpoint intended for majors in Composition. Higher contrapuntal forms. Study in round, mirror fugue, passacaglia, and other variation forms.

20th Century Counterpoint

20th Century Counterpoint including polytonal, nondiatonic, linear dissonant counterpoint; rhythmic and imitative devices; contemporary fugue.

Electronic Music

Introduction to Electronic Music Techniques

This course traces the development of electronic music from musique concrete to today's synthesizers and computers. Appreciation of the literature, styles and techniques. Recorded examples and demonstrations. Topics include special tape effects and editing, concepts of music synthesis, types of synthesizers and their use, modern concert, film and commercial applications. Designed for the student desiring an overview, but not intent on pursuing electronic music as a major course of study.

Principles of Electronic Music Synthesis 1

Basic concepts and techniques of electronic music synthesis. Emphasis on performance/application of these techniques to portable synthesizers. Aural analysis/synthesis problems. Supervised weekly "hands-on" practice sessions with synthesizers.

Principles of Electronic Music Synthesis 2

Continued study of synthesis techniques applied to medium-sized synthesizers. Channel-to-channel overdubbing techniques. Special tape effects (echo, canon, speed variation) and editing technique. Continued aural analysis/synthesis. Application to film scoring, commercials, broadcast IDs, etc. Supervised weekly "hands-on" practice sessions with synthesizers and professional tape equipment.

Continuation Study in Principles of Electronic Music Synthesis 1, 2

Continued application of electronic music techniques studied in Principles of Electronic Music Synthesis 1. Supervised weekly "hands-on" practice sessions with studio equipment.

Advanced Electronic Music Synthesis 1

Further synthesis techniques applied to a large studio synthesizer. Multi-channel recording and overdubbing, metrical editing and musique concrete. Application to projects in arranging and/or composition. Supervised weekly "hands-on" practice sessions with synthesizer, multi-channel tape equipment and mixer console.

Advanced Electronic Music Synthesis 2

Use of large synthesizer and multi-channel mixing and recording equipment. Application to arranging and/or composition projects. Psychoacoustic implications of synthesis techniques. Supervised weekly "hands-on" sessions with synthesizer, mixer console and multi-channel tape equipment.

Continuation Study in Advanced Electronic Music Synthesis 1, 2

Continued application of electronic music techniques studied in Advanced Electronic Music Synthesis 1. Supervised weekly "hands-on" practice sessions with studio equipment.

Orchestrational Synthesis

Advanced study in the orchestration of synthesizer sounds through the use of texture, strata variations, timbral placement, dynamics, and contrasting articulative variations. Laboratory application, including the integration of synthesized textures through multitrack techniques.

Writing for the Synthesizer

A basic course for arrangers and/or composers who have not concentrated in electronic music and wish to become oriented to synthesizer capabilities. Examinations of typical resources, timbres, ranges, effects and notational procedures. Application to transcriptions for synthesizer or groups that include synthesizers.

Directed Study in Electronic Music

Independent analysis of an important electronic music work, and production of required graduation project. Both the analyzed work and project will be in accord with the student's objectives in electronic music, and will be realized through live performance, studio synthesis or composition.

Film Scoring

Survey of Film Scoring Techniques and Procedures

This course is intended for non-film scoring majors to give them an overview of the mechanics of synchronization and the psychological implications of applying music to film. Analysis of specific dramatic situations will be followed by demonstrations of scoring techniques such as click tracks and picture recording. Procedures for composing and recording film music will be discussed.

Introduction to Film Music Composition

A course intended to provide a better understanding of music and its relationship to the visual image. Designed to give supplementary background in composition, orchestration and conducting prior to taking Film Composition 1.

Film Composition 1

Writing music for specific film situations. The significance of composition and orchestration for attaining certain psychological results. Thorough exposure to the use of click tracks for synchronization. Students conduct their projects which are recorded and later previewed with the film for analysis.

Film Composition 2

Composition of film music by use of a stop watch instead of click tracks. Projects also deal with conducting to a stop watch or the projected picture. Advanced techniques such as overlaps and double tracking and their psychological significance.

Technique of Programmatic Film Music

The application and analysis of program music with emphasis on its use in film composition. The associative correspondence between compositional elements and physical/emotional conditions. Analysis of selected film sequences and composed student examples.

History of Film Music

A detailed study of the history and development of film music from the silent film era to the present. Weekly discussions of the principal film composers with students presenting research reports on their music. Class presentations and extensive score analysis of musical examples.

Film Music Editing

A technical course including class instruction, semi-private lab work and individual editing projects. Practical experience on both vertical and flatbed editing equipment.

Directed Study in Film Scoring

Analysis of a major film and its score. Students will compose and conduct original music, with the guidance of the instructor, for a complete film of reasonable length. The score will be recorded and synchronized to the film and screened on an individual basis with the instructor.

Music Production and Engineering

Introduction to Music Production and Engineering Techniques

A survey of the skills necessary for efficient production of master tapes for all types of music. Overview of recording studio technology and procedures. Business aspects from budgeting to promotion. Creative aspects from concept development through final mixdown.

Survey of Production and Engineering Careers

The terminology, functions, and responsibilities of music producers and studio engineers. Current business and creative aspects of producing master tapes for records, films or videotapes, and radio or television commercials. Salaried and freelance career potentials, benefits, contractual obligations and responsibilities.

Mathematics for Producers and Engineers

A review of topics in general mathematics ranging from long-hand and calculator arithmetic procedures to basic trigonometry. Special emphasis on business and financial operations - planning, budgeting, cash flow, and accounting procedures.

Ear Training 1, 2 for Producers and Engineers

Recognition and analysis of the audio components of live and recorded musical sounds. Identification of specific recording, mixing, and processing techniques in current use for all types of master production.

Theory of Sound, Acoustics and Recording

The nature of sound and how it behaves in outdoor and indoor environments. The basic design and function of all elements of the recording chain: microphones, mixers, recorders and magnetic tape, and signal processing equipment.

Maynard Ferguson congratulates recipient of Maynard Ferguson Scholarship Award

Survey of Audio Recording Techniques

A generalized overview of recording studio technology and procedures. Topics include studio setup, equipment, editing concepts, mixing and studio management. Applicable to the studio musician, arranger, or producer.

Modern Audio Recording

Examination of all major types and brands of professional equipment used in today's recording studios. Mechanical and electrical specifications of microphones, recorders, consoles, amplifiers and speakers. Tape speeds, widths, track formats; noise reduction systems and automated mixdown.

Advanced Recording Techniques

Development of efficient techniques for the recording of multi-track masters to enable the engineer to satisfy the musical goals of producers or clients. Live recording of Performance Center concerts.

Recording Studio Workshop

Demonstration of recording techniques and procedures in the studio. A recording project throughout the semester will provide practical training and experience in audio recording.

The Business of Music Production

The efficient use of all resources necessary for master production: time, money and personnel. Review of production contracts, client relations, pre-production planning and scheduling, copyright protection, applicable union considerations and in-studio production procedures.

Mixdown Lab 1

The functional design and operation of equipment used in multi-track mixdown of master tapes. Console flow logic, function and use of equalizers, limiters, various outboard signal processing gear, and professional tape recorders. Mixing of pre-recorded multi-track tapes.

Mixdown Lab 2

Development of highly polished mixing techniques to enable the engineer to satisfy the musical goals of the producer or client.

Music Production for Records

Role and responsibilities of the producer in today's record industry. Each student will plan and produce the musical score for short film or videotape production.

Music Production for Film and Television

The music producer's role in the film and television industries. Each student will plan and produce the musical score for a short film or videotape production.

Music Production for Radio and Television Commercials

Today's jingle and promotional music production industry. Each Student will produce commercial masters.

Multi-Track Recording Techniques

Techniques for recording musical instruments and sections. Comparison of various miking and processing options. Each student will engineer multi-track tapes.

Directed Study Production Lab

Each student will produce one or more professional quality master tapes intended expressly to demonstrate his or her skills to prospective employers. Students are assisted in obtaining internships at area professional recording studios.

Studio Equipment Maintenance

Equipment maintenance in the modern recording studio. Preventive maintenance, equipment calibration, proof of performance, trouble shooting, and basic repair procedures.

Location Recording and Sound Reinforcement Systems

Techniques for recording and reinforcing music on location. Commonly encountered acoustical problems, and an investigation of equipment and techniques used to overcome them.

Sound Reinforcement and Recording for Musicians

For non-MPE majors who wish to learn the principles of sound reinforcement encountered in clubs or recital halls. Emphasis on effective interaction with engineers, both in concerts in large halls and in recording studios.

Sound Reinforcement Lab

Students will assist the audio staff at Berklee concerts and rehearsals in the Performance Center.

Masters Engineering Lab

Students engineer master tapes intended to demonstrate their skills to prospective employers. Internships may be arranged at area professional studios.

Music and Entertainment Law & Contracts

Techniques by which independently-produced records and other entertainment products are commonly packaged and funded. Types of production companies, tax advantages to investors and distribution of revenues, with an overview of the promotion and distribution of the product itself.

History of Music

Development of Western Music: Middle Ages Through Baroque

A survey of the major styles in Western music from about 600 AD to the conclusion of the Baroque. This includes a summary of ancient music. Audio-visual examples of scores, and photographs of related art works.

Development of Western Music: Classical to Modern Times

A survey of the major styles in Western music from the early Classical period to the present. Audio-visual examples; correlation of characteristics of each period with activities in related arts.

Improvisation in World Music

History and analysis of the role of improvisation and ornamentation in World music. Cultures to be examined include Eastern European, Asian, Middle Eastern, European and American. Tapes and transcriptions will be used; guest lectures.

Chamber Music of the Romantic Period

Historical analysis and examination of the chamber literature of the 1800-1900 period. Survey of the form and content of representative works by Schubert, Schumann, Brahms, Saint Saens, Franck and Tchaikowsky.

Jazz From Its Origins To The Present

A survey of music in the jazz idiom from its origins to the present. Chronological examination of the principal musicians and composers. Analysis of the more influential soloists, groups, and composers through the use of tapes and scores. Students are expected to develop a knowledge of the various periods, styles, and forms of Jazz music.

The Bop Masters

An in-depth survey of the principal instrumental soloists, vocalists, vocal groups, and arranger-composers of the Be-Bop period. A variety of ensemble groups will be examined through tapes and recordings.

Survey of Alto Saxophone Styles

An analysis of the history of the alto sax in jazz. Analysis of the various styles of major players. In-depth study of Hodges, Parker, Adderley and others through tapes and transcription. Course will also cover the usual alto sax doubles, flute and clarinet.

Survey of Trumpet Styles

A study of the development of jazz trumpet playing. Analysis through recordings and transcriptions of various styles and periods. Study of important innovators from Armstrong and Beiderbecke to the present.

Survey of Song Forms

A study of the popular song styles of the 20th century. Contemporary songs from a variety of idioms (folk, musicals, pop groups, etc.) are compared and contrasted with their predecessors from classical and romantic literature. Emphasis on the evolution of modern song forms. Example: comparisons of the works of Schumann, Brahms, R. Strauss with songs by Gershwin, Porter, Bernstein, Lennon and McCartney.

Survey of Guitar Styles

A survey of contemporary guitar players and styles as well as related doubling instruments. Emphasis on major players and various playing styles through tapes and transcriptions.

Survey of Tenor Saxophone Styles

An analysis of the history of the tenor saxophone in jazz. Emphasis on the various playing styles of the major players. In-depth studies of Hawkins, Young, Coltrane, Rollins and others, through tapes and transcriptions. Included are soprano and baritone saxophonists.

Survey of Trombone Styles

A study of the development of jazz trombone playing. Analysis through recordings and transcriptions of various styles of playing. In-depth studies of Teagarden, Harris, Johnson and others.

Survey of Bass Styles

A study of the development of jazz bass playing. Analysis through recordings and transcriptions of various playing styles. In-depth studies of Blanton, LaFaro, Mingus and others.

Survey of Piano Styles

A study of the development of jazz piano playing. Analysis through recordings and transcriptions of various playing styles. Study of the important innovators in the field.

Survey of Jazz Violin Styles

An overview of the history of jazz violin, with special emphasis on the work of major innovators: Venuti, Grappelli, Asmussen, Smith, South and Ponty. Recordings and transcriptions used to analyze improvisational approaches, bowing, tone and left hand techniques.

Survey of Drum Styles

A study of the development of the jazz drummer. Analysis through recordings and transcriptions of various playing styles. In-depth studies of Catlett, Roach, Rich and others.

Survey of Vocal Styles

A study of the development of the jazz vocalist. Analysis through recordings and transcriptions of various singing styles. In-depth studies of Ella Fitzgerald, Lambert, Hendricks and Ross and other notable contributors to the development of jazz vocalizing.

Survey of Flute Styles

A survey of flute styles, both traditional and jazz. Directed listening to flute repertory from Baroque, Classical, Romantic and Modern periods. Recordings include performances by Rampal, Kincaid, Marion, Galway and DeBost. Jazz artists: Bud Shank, Frank Wess, Hubert Laws and Eric Dolphy.

General Music

Legal Protection of Musical Materials

The securing and maintaining of rights under common law and statutory copyright, including the panoply of protected rights and their infringement. Public domain considerations, performance rights, right to prohibit all but "fair use." Problems of joint, co-authored, and commissioned works and of sale, license or assignment, and divisibility. Organized protection through ASCAP and BMI. Tax aspects of owning copyrights. The function and operation of the Musicians' Union.

The Music Business

A seminar designed to provide an understanding of business practice as related to the music industry. Topics covered include: contracts, union regulations, dealing with booking agents, personal managers, publishers and producers, instrument sales, operating a music studio and store, and other aspects of the music business. Guest lecturers.

Instructor Bob Freedman conducting recording session.

Musical Instrument Repair

Problems of repair with respect to brass, woodwind, string and percussion instruments. Laboratory sessions.

Saxophone Reconditioning

Techniques and standard procedures for overhaul of the saxophone. Includes dent removal, leveling of tone-holes and rod straightening. Classroom theory combined with practical application.

Flute Reconditioning

Technique and standard procedures for overhaul of the flute. Disassembly, repadding, dent removal, cleaning, recorking, and reassembly.

Guitar Repair

Introduction to the adjustment and maintenance of the guitar and bass. Discussion of the acoustical and electrical properties of various types of fretted instruments. Setting action, intonation, truss rods, and pickup height. Pickup installation, filing frets, gluing cracks and modifications.

Introduction to Piano Technology

Principles of the tuning and repair of acoustic pianos and Fender-Rhodes electric keyboard. Lecture/demonstration with emphasis on current methods of piano construction and survey of tuning techniques.

Music Performance Electronics

Introduction to audio processing circuitry as it applies to music performance. Discussion of amplifiers, mixers, pedals, time delay effects, equalizers, passive and active circuit elements. Ohm's law, operational amplifiers, test equipment, and modifications to guitars and amplifiers. Each student constructs a project he can use in performance.

Elements of Theater Production

This course covers the staging of musical productions, selection of material, budgeting, organization of the production departments. Responsibilities related to sets/lights, costumes, auditions and rehearsal schedule. Study of various styles encountered in musicals.

Music Education

Elementary Classroom Methods

Methods and materials for the instruction of general music in the elementary school. Preparation of lesson plans, formulation of principles for planning an entire music curriculum. Selection and presentation of songs for the child voice; directed listening. Development of techniques for instruction in the notation of rhythm and melody.

3 credits

Secondary Classroom Methods

Administration and curriculum organization of instrumental, choral, and general music classes. Problems of the adolescent voice. Methods for the presentation of theory, history and appreciation classes. Special emphasis on organization and development of the school Stage Band. Coordination of the elementary and secondary music programs. Guest lectures.

3 credits

Vocal Methods and Materials 1, 2

For majors in Music Education. Performance of vocal and instrumental works suitable for public school music. Students participate in the conducting of selected works. Basic principles of singing: breathing, tone production, fundamentals of articulation, diction.

1 credit, each semester

Instrumental Methods and Materials

Survey of method books used for private and class instruction in the various instruments. Detailed examination of music for band, orchestra, and mixed ensembles at beginning, intermediate and advanced levels of performance.

Methods and Materials for Marching Band

Fundamental techniques for developing and training the high school marching band. Basics of marching, patterns of motion, planning, writing and rehearsing half-time performances. Students plan and write complete half-time projects.

Pre-Practicum Apprenticeship

Assigned practical experience in elementary and secondary schools of Greater Boston area. Minimum of 30 hours field work at the practice teaching site. Weekly evaluation of teaching experiences through group discussion. Final written report required.

**Practice Teaching/Seminar -
Major Certification Grade Level**

Student teaching experience in elementary or secondary schools. A minimum of 300 clock hours practice teaching in Kindergarten to Grade 9 or Grades 5 to 12 is required. Critique and evaluation of problems encountered in student teaching assignments in the public schools. Weekly seminar meetings are supervised by the Music Education Department Chairman.

**Practice Teaching/Seminar -
Minor Certification Grade Level**

Student teaching experience in elementary or secondary schools. A minimum of 150 clock hours practice teaching in Kindergarten to Grade 9 or Grades 5 to 12 is required. Critique and evaluation of problems encountered in student teaching assignments in the public schools. Weekly seminar meetings are supervised by the Music Education Department Chairman.

Academics

**English Composition/
Literature 1, 2**

Techniques for the writing of concise and lucid themes as a means of developing clarity and coherence in discussion and essays. The analysis of assigned readings provides an introduction to the various literary forms. Emphasis on the meanings of communication.

Introduction to Poetry

This course will focus on the elements of poetry: the relationships between meaning and rhythm, meaning and sound, meaning and form. These topics will be explored in the context of a survey of poetry, both traditional and modern.

Writing Poetry 1

An intensive writing workshop (seminar format) in which the student concentrates on the writing of Poetry. Techniques include sonnet forms and syllable counts (Marriane Moore), the use of mythology (Elliot and Cummings), and the use of biblical sources (Wallace Stevens, Eliot and Cummings).

Writing Poetry 2

A continuation of Writing Poetry 1 with an emphasis on the development of the individual style and craft acquired in the first semester. Both thematic and structural development will be stressed.

Theater of the Absurd

A study of twentieth century drama and playwrights, including the works of Beckett, Ionesco, Genet, Pinter, and Albee.

Note: All academic courses carry 3 credits unless otherwise indicated.

Creative Writing 1

An intensive workshop focusing on techniques and devices applicable to prose writing, such as point of view, character development, dialogue, interior monologue, psychological times.

Creative Writing 2

An intensive workshop intended to further develop skills learned in Creative Writing 1 and to explore more sophisticated techniques, devices, and concepts, such as epiphanies, development of non-rectilinear time, symbols, archetypes, etc.

Reviewing Records and Live Performances 1

Analysis of specific record and live performance reviews in such diverse periodicals as "Down Beat", "Stereo Review", "Rolling Stones", "The New York Times", and local newspapers in order to discover methods and techniques of reviewing. Discussion of the musician-oriented review and the reviewer's responsibility to the public and to his art. Students will write several different types of reviews directed at different audiences.

Reviewing Records and Live Performances 2

This course will concentrate on the actual writing of reviews every week. Students will broaden the scope and strengthen the stylistic devices previously learned. Each student will write reviews of different types of music.

Between Poetry and Music

An exploration of the relationship between modern poetry and contemporary American music. Comparison of the meaning of terms common to music and poetry. Examination of correlative musical-poetic devices and procedures for the creation of dramatic lyrical feeling. Student composition of poetry and music.

The Later Novels of Hermann Hesse

A study of Siddhartha, Steppenwolf, Narcissus and Goldmund, and The Glass Bead Game, relating these works to Hesse's interest in Freudian and Jungian psychology, Eastern religion and mysticism, and music.

The Satiric World of Evelyn Waugh

A study of the newly-discovered diary and the major novels of one of England's outstanding 20th Century writers.

Contemporary American Literature

Selected reading of the major prose, drama, and poetry of this century. The course will include a wide range of authors and styles, and will demonstrate the relationship of the writers to contemporary music.

Noted British composer John Dankworth (right) conducts Film Scoring Seminar.

Analysis of Song Lyrics

The course will focus on techniques for both the analysis and the construction of song lyrics. Among topics considered will be: metric patterns in language; the development of "neutral" rhythm patterns as a pivot point between lyrics and music; supportive elements of language; supportive relationships between language and music; the development of clear, specific images; simplicity of presentation.

Writing Song Lyrics

A workshop to provide practical application of methods discussed in Analysis of Song Lyrics. Emphasis will include use of the thesaurus and rhyming dictionary; development of clusters; relationship between form, rhyme and language rhythm. Interactive support between melody and lyrics. Lyrics and the arranger.

History of Art 1

Prehistoric to Gothic periods. A survey of painting, sculpture and architecture from the Ancient Near East, Egypt, Greece, Rome and Byzantium. Slide lectures supplemented by viewing works at the Museum of Fine Arts.

History of Art 2

Late Gothic to Contemporary Periods. European art from the end of the Middle Ages through the Renaissance, Mannerism, the Baroque, Rococo, Neoclassicism, Romanticism, Realism, Impressionism, Post-Impressionism, Abstraction. American art from the Colonial period to today. Slide lectures and Museum viewing.

Approaches to the Visual Arts

Technical, analytical and interpretive approaches to painting, sculpture, architecture, drawing and prints. Discussions of the technical methods used by artists and of compositional principles. Interpretation of works of art in terms of style and quality. Readings and classroom discussions will be supplemented by visiting Boston art collections.

History of Western Civilization 1

A survey of the history of Western man from the time of the Ancient Greeks (1000 B.C.) to the Renaissance (1660 A.D.). Introduction to the methods and aims of historical studies. Examinations of the major cultures within the context of their chronological position in history.

History of Western Civilization 2

A survey of the history of Western man from 1660 A.D. to the present. Methods and aims of historical studies. Examinations of the major cultures within the context of their chronological position in history.

Recent and Contemporary History

Seminar on selected topics of historical significance of the 20th Century. Topics include: origins of the World Wars, problems of nuclear proliferation, the Cold War, Vietnam.

Israel and the Old Testament

The development of the unique Jewish perception of history as seen by the Hebrew prophets. An overview of the Old Testament as a reflection of the culture of ancient Israel. The spiritual awareness of history that contributed to the survival of the Jews.

Freedom and Authority in America

An introduction to U.S. Social History which focuses on key periods of conflict in the 19th and 20th centuries, including the industrial revolution, slavery and abolition, the Depression, and the war in Vietnam.

Ideologies and Modern Politics

An examination of the relationship between ideology and pragmatism in 20th Century governments. Topics include Fascist Italy, Nazi Germany, Soviet Russia, Communist China; USA, Britain, France.

International Relations

A study of the elements of national power, the tasks of diplomacy, and the use of international law. Student reports include case studies on the resolution of international differences, both historical and current.

Development of Political Thought

A survey of political thought from the time of the Greek city-state to the modern totalitarian regimes. Class discussions focus on the historical context and theoretical content of such important figures as Aristotle, Augustine, Machiavelli, Locke, Marx, and Hitler.

Christianity and the Roman Empire

A history of the first three centuries of Christianity, from the life of Jesus to the conversion of Constantine. Topics include: the mission of St. Paul, organization and discipline in the primitive church, the evolving position of Christianity in the Roman Empire, from persecuted sect to favored religion.

French 1, 2

Grammar and composition. Basic reading selections. Emphasis on pronunciation and foundational conversational training.

Spanish 1, 2

Basic grammar, composition, and reading selection. Emphasis on pronunciation and conversational Spanish.

Principles of Acoustics of Music

A survey of the acoustical phenomena relating to music. The nature of vibration, hearing, pitch, waveforms and timbre. The application of acoustical principles to intervals, scales and tuning systems.

Electro-Acoustical Technology

An examination of the basic design and function of the electro-mechanical sequence leading from microphone input through its modification by mixers, filters, loudspeakers and equalizers. Principles of magnetic tape recording, study of digital recording and digital sound reproduction.

Instrument Acoustics

A study of the acoustical properties of woodwind, brass, string-bow, percussion, and fixed-pitch string instruments. Emphasis on the better musical use of these instruments through the understanding of acoustics.

Theory of Sound, Acoustics and Recording

The nature of sound and how it behaves in outdoor and indoor environments. The basic design and function of all elements of the recording chain: microphones, mixers, recorders and magnetic tape and signal processing equipment.

Survey of Electronic Musical Instruments

Principles of the electronic transduction of mechanically generated sound. Study of electronic keyboards, electric guitar and bass, and related outboard equipment. Comparison of analog and digital synthesizers. The computer as an audio signal generator.

Mathematics for Producers and Engineers

A review of topics in general mathematics from longhand and calculator arithmetic procedures to basic trigonometry. Special emphasis on business and financial operations; planning, budgeting, cash flow, and accounting procedures.

Urban Sociology in America

A survey of American Sociology which uses urban material to encourage students to explore their own surroundings, while employing the tools of sociological analysis.

Philosophy of Education

A philosophical inquiry into the purpose and practice of education, with special emphasis upon educational theory, dialogue, critical thinking, and creativity.

Philosophy of Religion

An examination of religion defined as the experience, practice, and codification of Grace, with special attention to creation theories and unitive thinking. Focus on Platonic cosmology and one or more of the major religions of the world

Ethics

Conducted as a basic introduction to philosophy, this course searches for the roots of Western values in the life and times of Socrates.

Introduction to Logic

A partial survey of Western philosophy, introducing students to basic patterns of rational discourse and philosophical argument

Aesthetics

A discussion of the practice, the function, the experience, and the requirements of art. Readings from philosophers and artists, usually including Plato and Stravinsky.

Oriental Philosophy: Hinduism

A philosophical inquiry into the cosmology and psychology of the world's oldest living religion. Focus upon the BHAGAVAD GITA and the Hindu notions of evolution, reincarnation, maya, Atman-Brahman, Kundalini, the Chakra system, the various yogas, and enlightenment. Some reference to the symbolism of Hindu mythology and art, and also to the distinction between esoteric and exoteric teachings.

Oriental Philosophy: Buddhism

An inquiry into the basic ideas of Buddhism, considered as a metaphysical, religious, and moral philosophy. Reference to the life of Gautama Buddha, the Four Noble Truths, the Eight-Fold Path, and the Buddhist notions of Suchness, Emptiness, Nirvana, and Enlightenment.

Oriental Philosophy: Taoism and Zen

An inquiry into the philosophical, moral, and religious significance of Taoism and Zen Buddhism. References to the Tao as both a metaphysical fact and a way of life; the concepts of Yin and Yang; the limitations of logical and dualistic thinking; Zen as both a meditative art and a method of living. Some reference to the history of Zen, Lao Tzu's TAO TE CHING, and the writings of the Zen masters.

General Psychology

A survey of the history, theory, and application of general psychology. The study of human behavior, factors in psychological development, methods of measurement.

Child and Adolescent Psychology

The effect of learning principles upon child and adolescent behavior, application of educational problems to musical growth, motivation in learning, and the relation of social psychology to classroom situations.

Foundations of Creativity

An investigation into the psychological and philosophical sources of creativity, and its phenomenology. The approach will be inter-disciplinary in that attention will be given to clinical aspects of creativity. Emphasis will not be on bulk absorption of facts but on the synthesizing of self through dialogue which will develop around the themes generated.

Introduction to Jungian Psychology

A philosophical inquiry into the psychology of C.G. Jung, with reference to his friendships with Freud and Hesse, and his concepts of Individuation, Archetypes, and the Collective Unconscious. Jung's reflections upon Anima-Animus, the Shadow, Mandala symbolism, life after death, analysis of dreams, neurosis, psychotic fantasies, and religious symbolism.

Jungian Psychology and Philosophical Mysticism

The mystical side of Jungian thinking. Parallels through the interpretation of storytelling and myth. Focus is on Archetypes and hearing the music of the soul in the richness of literary symbolism.

Summer Studies: Career Exploration & Development Programs

The Berklee Career Exploration Program is of particular interest to high school students. A career in today's professional music can be challenging, exciting, and both personally and financially rewarding. Talent, training, and hard work must all be combined in an appropriate educational setting for professional musical skills to be most fully developed. But the decision to embark on a time-consuming and costly program of instruction cannot be taken lightly. It is vital that perceptions concerning a professional musical training and lifestyle be realistic ones, or a significant investment of time and money together with an accompanying sense of personal frustration may result.

The goal of the Career Exploration Program is to assist in the identification of individual musical and educational strengths, the formulation of appropriate career goals, and the development of an intelligent approach to obtaining a professional education designed to realize career objectives. The program includes career exploration lectures, seminars, and individual counseling sessions directed by professionally experienced faculty; practical playing or singing experience in private lessons and multi-level ensembles which focus on individual practice and group rehearsal techniques, and which are supplemented by performance demonstrations from faculty and visiting artists; classes which provide training in aural recognition of the melodic, harmonic, and rhythmic elements of today's music, and techniques of how to write music.

Concentrated teaching demonstrations will also be offered in Berklee's professionally-equipped recording, film scoring, and electronic music studios. The Career Exploration Program is seven weeks in duration, and one is eligible to enter the program at 16 years of age with some musical background.

The Berklee Skills Development Program is open to students, teachers, and experienced musicians who wish to concentrate in an area of specialized musical studies. The Program facilitates the development of a particular musical strength or interest while deepening one's knowledge of the broadly based musical and educational background necessary to function as a successful professional.

The curriculum emphasizes a Skills Development Concentrate, an individualized program of multi-level instruction designed to develop the musical skills of the applicant in one of the following subject areas: Performance, Performance Synthesis, Composing/Arranging. Within the Skills Development Concentrate, there are offered master classes, and/or directed study training, as appropriate. Additional components of the program include private instrumental or vocal instruction, participation in multi-level ensembles performing a variety of musical styles, ear training techniques applicable to the challenges of today's professional music, and career advising sessions which respond to individual interests.

The Skills Development Program is seven weeks in duration, and presupposes a suitable level of musical background.

The Full Credit Summer Program is an accelerated twelve week program where students can earn the equivalent of one full semester's credit. Admission procedures for continuing Degree or Diploma candidates are the same as those required of regular full-time students. With few exceptions, the curriculum is identical to that offered during the regular school year.

Honorary Degree recipient Count Basie congratulated by fellow recipient, Tony Bennett (left) and Berklee President Lee Eliot Berk

International Jazz Program

The tremendous impact of Berklee's international program has been felt in every corner of the world from Kumasi, Africa to Hong Kong and Malaysia. In cooperation with the United States Information Agency and the Music Committee of the President's "People to People" Program, Berklee is in constant correspondence with jazz devotees from all over the world, supplying information and answering individual questions and problems about jazz.

In addition, many of the exciting student concerts at Berklee are specially recorded for radio broadcast as part of a series entitled "The Jazz Beat from Berklee", featuring student instrumentalists, vocalists, composers and arrangers. This series is available to jazz listening audiences all over the world and reflects the musical breadth - including mainstream jazz, swing, fusion, Latin, bebop, blues, and more - which is representative of the music taught at Berklee and performed in concert at the Performance Center.

As the international educational center for the study of jazz, Berklee's distinguished roster of graduates includes representatives of six continents, many of whom return home to fill the great need for teachers in this modern idiom.

Alma Berk, Director of Public Information, with international students from Rhodesia, Japan and Nigeria

Artist Series

Berklee's outstanding faculty of music professionals and educators continually make themselves available to all students in the College. Through the *Faculty Artist Series*, more than 100 lectures, demonstrations, informal rap sessions, etc., are presented annually by the faculty on subjects ranging from "How To Audition" to "The Music of John Lennon" to "The Future of Jazz".

This student/faculty interaction provides a unique opportunity for heightening musical awareness, obtaining exposure to specialized knowledge, often with immediate practical implications, and for establishing meaningful relations within the College.

Berklee is also fortunate to be located in an outstanding urban center, which both supports and attracts a wide variety of professional musicians. Through the College's *Visiting Artist Series*, many of these professionals are invited to share their expertise with the Berklee student body in settings both formal and informal.

Barry Manilow (r); Musical Director and Berklee alumnus Vic Vanacore (l.); and Instructor Jon Aldrich meet with Berklee students.

The Berklee Performance Center

The Berklee College of Music's new Performance Center has already taken its place as one of Boston's major performance halls. Housed in the historic, newly-renovated Fenway Theater, the Performance Center seats 1227 in its main hall. The Berklee Performance Center also contains classrooms, rehearsal halls, a music library for performing groups and a professionally-equipped recording studio for direct pick-up from the performance hall.

The Berklee Performance Center permits faculty and student groups to perform in a major concert hall in one of America's foremost cities. More than one hundred faculty/student concerts are presented annually, encompassing a wide variety of performance styles. All events at the Performance Center are open to the public, and all groups appearing there are publicized

Buddy Rich and his Killer Force

extensively by the College's Office of Public Information. The College also provides the Berklee Pavilion, an open-air performance area for seasonal outdoor concerts, as well as two informal Recital Halls in which approximately 400 student concerts and recitals are scheduled each year.

The Berklee Performance Center also presents a wide variety of recognized performing artists. The College's own *Jazz Masters Concert Series* features outstanding jazz performers, including Buddy Rich, Woody Herman, Maynard Ferguson, Kenny Burrell, Art Farmer, Phil Woods, Gary Burton and others. Concert producers also bring a number of artists to the Berklee concert hall stage, including recent performances by Dizzy Gillespie, Cleo Laine, Gato Barbieri, Herb Ellis, Dexter Gordon, Weather Report, the Crusaders, Jean-Luc Ponty, Ron Carter, Lou Rawls, Stephan Grappelli, John McLaughlin, James Brown, Dionne Warwick, Jeff Lorber Fusion, and Count Basie.

Community Service Programs

Berklee has been responsive to the needs of the surrounding community in Boston through a broad Community Services Program. In its Secondary School Tutorial Program, Berklee students over the last few years have provided Boston inner-city high school students with free music instruction to assist in the preparation for future higher education in music.

In the College's Prison Tutorial Program of individual instruction and ensemble performance, volunteer students have worked in cooperation with the Massachusetts Department of Correction to provide an innovative program of instruction for inmates. In the Community Services Ensemble Program, Berklee performing groups have visited numerous organizations for veterans and for the impoverished, elderly, and infirm to enrich their lives with a series of free clinic/concert programs.

These programs, which have provided many Berklee students the opportunity for a neighborhood involvement that is consistent with and relevant to their professional career training, are supplemented by the numerous concerts programmed by the College annually. Most of these concerts are open free of charge to the public and feature Berklee students as participants.

Berklee provides instruction to local high school students as part of the College's Community Services Program

Student Counseling

Curriculum Counseling and Career Counseling for all students is conducted by the Counseling Center. Counselors and faculty advisers assist students in the identification of their individual musical and educational strengths, in the determination of appropriate career goals, and in the selection of appropriate courses designed to realize those objectives. Personal progress toward these goals is reviewed by the Counseling Center. Information is also provided concerning resume and biography preparation, interview and audition techniques, and preparation/submission of "demos" to music industry sources.

Personal Counseling is also provided for students who wish to discuss problems of a personal nature. Appointments may be arranged through the Counseling Center.

The Tutorial Services Department provides assistance to students experiencing difficulty with course material. Individuals may be referred to Tutorial Services by Department Chairmen, faculty, or counselors for tutoring on either an occasional or regular basis at no charge.

Progress Reports The faculty of Berklee is concerned with the specific progress of each student. Faculty may at any time refer an individual student to Tutorial Services for additional instruction, or to the Counseling Center for personal or educational counseling.

Financial Assistance

Funds for financing your college education at Berklee are available from many different sources, including programs of the College, government programs administered directly by Berklee, and funds from private sources. From these resources, the College endeavors to provide a financial aid package of loans, grants, and/or student employment which will enable qualified applicants to enroll at Berklee. Special consideration is given to those applicants who have a musical background indicative of significant promise and/or achievement. In awarding financial aid to a student, the College does so with the expectation that an appropriate amount of financial aid will be continued from year to year until the student graduates.

The Berklee College of Music Financial Aid Program includes Federal Supplemental Educational Opportunity Grants, National Direct Student Loans and the College Work-Study Program. To apply for consideration for these programs, it is necessary to submit a Financial Aid Form (FAF) through the appropriate College Scholarship Service Office each year, preferably by March 31st. Financial Aid Forms are available from high schools and colleges.

The funds in the three Federal programs administered by Berklee College of Music are limited and awards are based on need as determined by the College Scholarship Service and Federal regulations. The actual amount of each award is governed by the number of qualified applicants who share in the overall amount allocated to the College by the Federal government.

Programs available through other sources are the PELL and PLUS program, the Guaranteed Student Loan Program, State Scholarships or Grant Programs, and community scholarship, grant and loan programs.

Students who do not have a baccalaureate degree may apply for a PELL Grant. The Financial Aid Form (FAF) may also be used as the application for this grant, or a separate application, available from high schools and colleges, may be utilized.

The Guaranteed Student Loan Program is generally available to students from participating banks and lending institutions in the state in which you are a legal resident. Information and applications may be obtained from your local bank or lending institution.

Many states conduct a scholarship or grant program for residents in need of financial assistance. The Financial Aid Form (FAF) may be used to apply for a state scholarship or grant in many states. One should contact the State Scholarship Office in his state for specific information.

There are numerous scholarship, grant and loan programs available in many communities. High school guidance offices and local civic, social and community organizations should be contacted for information.

Should you desire a financial aid packet or further information, please write to:

Scholarships and Awards

Berklee Professional Music Scholarship Fund. The general scholarship fund maintained by the College for students with outstanding musical ability and who may be in need of financial assistance. The Financial Aid Form of the College Scholarship Service is the basic application for this scholarship program.

The Jazz Masters Scholarship Funds. Scholarship funds established in conjunction with the appearance at the Berklee Performance Center of the artists named below. Varying amounts are awarded annually to musically outstanding applicants.

Duke Ellington Scholarship Fund (for pianists/composers/arrangers)

Buddy Rich Scholarship Fund (for drummers)

Woody Herman Scholarship Fund (for woodwind players)

Maynard Ferguson Scholarship Fund (for trumpet players)

Gary Burton Scholarship Fund (for vibists/percussionists)

Jim Hall Scholarship Fund (for guitarists)

Art Farmer Scholarship Fund (for trumpet players)

Phil Woods Scholarship Fund (for woodwind players)

Stephane Grappelli Scholarship Fund (for string players)

Cleo Laine/John Dankworth Scholarship Fund (for vocalists)

Quincy Jones Scholarship Fund (for composers/arrangers)

Tony Bennett Scholarship Fund (for vocalists)

Count Basie Scholarship Fund (for pianists)

Oscar Peterson Scholarship Fund (for pianists)

Sarah Vaughan Scholarship Fund (for vocalists)

Lawrence and Alma Berk Fund for the Superior Musician. The scholarship fund established to provide tuition scholarships for individuals demonstrating the very highest levels of musical achievement.

Jesse Stone Scholarship Fund. A permanent trust established by Atlantic Records, the proceeds from which are awarded to needy and deserving pianists.

The Robert Share Memorial Scholarship Fund. A permanent trust, the proceeds from which are awarded to international students, based on financial need and outstanding musicianship.

The Joe Venuti Memorial Scholarship Fund. An annual award to encourage and assist outstanding student violinists.

Jazz Festival Scholarship Funds. A series of scholarship awards which are presented to musically outstanding applicants through school and professional jazz festivals nationally and internationally.

Jazz Beat Radio Scholarship Funds. A series of scholarship awards which are presented to musically outstanding applicants as a public service by radio stations airing "The Jazz Beat From Berklee" concert series.

Australian, Canadian, and Japanese Professional Music Scholarship Funds. Scholarship awards to students with outstanding musical ability set aside for applicants from those countries.

Berklee Annual Fund. Proceeds from annual contributions from alumni, parents, corporations, and Friends which are allocated in part to the Berklee Professional Music Scholarship Fund.

The Alumni Incentive Awards. Scholarship funds established in recognition of the unique contributions of Berklee alumni to today's professional music. Varying amounts are awarded annually to musically outstanding applicants in the names of such artists as John Abercrombie ('73, for guitarists), Al DiMeola ('68, for guitarists), Abe Laboriel ('72, for bassists), Steve Smith ('76, for drummers), Joe Zawinul ('57, for keyboardists/synthesists).

Summer Study Scholarship Fund. Scholarship funds established to assist deserving applicants attending the College's Seven Week Summer Career Exploration and Skills Development Programs.

The Scholarships and Awards indicated below are presented by the Faculty Scholarship Committee to upper-year students in recognition of superior academic achievement, outstanding musicianship, and concert participation.

Berklee Faculty Association Awards. A series of awards presented annually by the faculty in recognition of outstanding musicianship.

The Richard Levy Scholarship Fund. A permanent trust established in 1967, the proceeds from which are awarded to majors in Composition according to financial need and proven ability.

The Harris Stanton Scholarship Fund. A permanent trust established in 1971, the proceeds from which are awarded to outstanding Guitar majors.

Youth Concerts at Symphony Hall Trust Fund. A permanent trust to fund an annual award for outstanding musicianship.

The Lennie Johnson Scholarship Fund. A permanent trust established in 1973, the proceeds from which are awarded to needy and deserving students.

The Peter Kaleta Scholarship Fund. A permanent trust established in 1976, the proceeds from which are awarded to needy and deserving students.

Facilities The physical plant of Berklee College of Music is located in the heart of the cultural Back Bay area of Boston. Five fine and substantial physical structures house all classrooms and rehearsal studios, private teaching and practice studios, recital halls, book store, administrative offices and various student service and residence facilities. Three electronic keyboard rooms, four professional multi-track recording studios, a completely equipped electronic synthesizer studio, a film scoring and editing lab and a new tape-response laboratory for programmed instruction in ear training provide students with excellent teaching aids and the opportunity for self-instruction. The Berklee Performance Center, a 1200 seat concert hall, features all the modern lighting, sound and projection systems desirable for a contemporary performance center.

A library is maintained which contains a significant collection of scores, reference volumes, miscellaneous anthologies, recordings, works on the history and theory of music, and works relating to the academic courses. Berklee students are eligible for a Boston Public Library card which gives them access to one of the nation's foremost music collections. The Boston Public Library is located within three blocks of the school.

The Berklee Ensemble Library contains works by noted professional arrangers, as well as those by faculty members and outstanding students. All musical styles are represented. By performing material from the libraries of Woody Herman, Buddy Rich, Louis Bellson, Thad Jones/Mel Lewis, Duke Ellington, and others, students become acquainted with a vast variety of material which greatly assists in the successful transition from the classroom to a professional career.

Housing Residence is normally required of all male and female first year students under twenty-one years of age unless they are commuting to school from their own homes. Residence halls for students are maintained by the College. Room and board expenses are given under "Tuition and Fees" in this catalog. Detailed information regarding accommodations and rates may be obtained by writing directly to Housing Director, Berklee College of Music.

Placement Berklee undergraduates are encouraged to gain practical experience and professional contacts are made through faculty members, prominent visiting musicians, and professional groups seeking replacements. Students' schedules may be adjusted, when practicable, to permit them to undertake professional engagements.

A complete placement service is maintained for graduates in Music Education. Information regarding the availability of new teachers may be obtained by writing:

Duke Ellington congratulates Berklee graduate

Veterans Berklee College of Music is approved by the Massachusetts Board of Higher Education to provide education in music to service men and women under the GI Bill of Rights.

The function of Berklee's Veterans Counseling Service is to provide information regarding veterans' programs, local and national, and to interpret the policies and procedures of Berklee as related to veterans.

Mail to housing residents may be addressed to the College, but all other students should plan on having mail directed to their Boston address. Although mailbox facilities are provided, the School cannot assume responsibility for the delivery of incoming mail to non-housing residents.

Left to Right: Thad Jones, Lawrence Berk, George Wein, John Hammond, and Mel Lewis

Left to Right: John Williams, Lee Berk, Buddy Rich.

General Regulations

Conduct Students who fail to comply with the regulations of Berklee College of Music may be asked to withdraw from the college any time during the school year. Behavior unbecoming a student of the college is considered grounds for dismissal.

Prompt and regular attendance is required in each course. The only acceptable excuse for absence from either a class or a private lesson is illness, accident, or some other comparable emergency of a serious nature.

Whenever a student is absent, it is his responsibility to arrange with each of his instructors to make up the work missed. A student who is consistently absent from classes may be required to withdraw from the course.

✓ **Leave of absence** If, because of financial, family, or health reasons, a student is required to absent himself for a short period of time, but with the expectation of returning, he should apply for a leave of absence.

Leaves of absence for professional reasons may be granted by the Administration with the approval of the Office of the Registrar. Students should secure permission before making any contract or commitment to persons or organizations outside the college. In no case should the time of absence or absences exceed a total of two weeks per semester.

✓ **Withdrawal and Refund** All students who withdraw from Berklee must submit written notification to the Office of the Registrar before any refunds will be made. Refunds are made on the basis of assessing 20% of the semester's tuition per week (or portion thereof) of attendance. Students withdrawing before the end of the fourth week of the semester are entitled to a refund of part of their tuition. After the fourth week, no refunds will be made. Absence from classes does not reduce a student's financial obligation nor constitute withdrawal.

During a 12-week summer semester, refunds are made on the basis of assessing 25% of the semester's tuition per week (or portion thereof) of attendance. Therefore, no refunds are made after the third week of school.

During a 7-week summer semester, refunds are made on the basis of assessing 33 1/3% of the semester's tuition per week (or portion thereof) of attendance. Therefore, no refunds are made after the second week of school.

Further, the College requires the written consent of a parent or guardian of any student under 21 years of age who desires an approved withdrawal. Housing residents with an approved withdrawal receive only a meal allowance refund for the remaining weeks in the contract term.

Students forced to withdraw for medical reasons may, upon presentation of verification of their disability, receive a pro-rated adjustment of tuition for the semester in which they are registered and, if applicable, a pro-rated adjustment of the housing fee for the remaining weeks in the contract term. No adjustment is made for temporary absence, nor is any refund made if a student is suspended, or dismissed, or leaves school without formally withdrawing.

Change of Program Change of program must be approved subsequent to a formal petition for change by the student. Requests made on or before the second Tuesday of classes of a term will be effective, if approved, for that term. Petitions received after this date will be effective if approved for the following term. Change of program includes the transfer from Diploma to Degree, or vice-versa. Petitions for change are available in the Counseling Center.

✓ **Examinations** Credit will not be given for a course unless all scheduled Mid-Term and Final examinations are taken. In the event of absence from an examination, a make-up exam must be taken at the convenience of the instructor. A grade of "IncF" will be recorded in all classroom courses (and of "NC" for instrumental studies) where incomplete examinations are not made up within the first two weeks of the following semester. Exception to the ruling is possible only if the course instructor petitions for special consideration on behalf of the student.

A fee of ten (10) dollars must be paid for all final examinations that are made-up, and for the late submission of a final project. The fee for mid-term examinations that are made-up is five (5) dollars. A receipt for payment must be presented to the faculty member in charge of the make-up session.

In all cases, students unable to be present for an examination must so notify the faculty member in charge of the examination. Notification must be given on or prior to the date of the examination. If no such notification is given, a grade of "NC" (or "F") is automatically recorded for the course.

✓ **Grades** for completed courses are evaluated according to the following system:

letter grade		% equivalent	numerical equivalent
A (excellent)		93—100	4.00
A-		90—92	3.70
B+		87—89	3.30
B (good)		83—86	3.00
B-		80—82	2.70
C+		77—79	2.30
C (satisfactory)		73—76	2.00
C-		70—72	1.70
D (poor)		60—69	1.00
F (failing)		0—59	0.00
W	Withdrew	*NA	Not Averaged
P	Passed	NC	No Credit
I or Inc	Course requirements not completed.	NG	No grade submitted as of indicated date.
IF or IncF	Incomplete/Failure		

Semester Grades are recorded on the student report cards and permanent grade-report forms in accordance with the above value scale.

* An interim symbol to denote the absence of a grade because the work on which the final grade is to be based extends beyond the time limits of the semester.

- ✓ **Scholastic Probation** Students with a cumulative Grade Point Average below 2.0 or who carry less than 75% of their recommended credit load at the completion of a semester will be placed on general probation the following semester. In order to be removed from probation, a minimum cumulative GPA of 2.0 must be earned by the end of the probation semester.

It is further necessary to maintain a Grade Point Average of 2.7 in *concentrate* courses within a chosen major field. Students with a GPA below 2.7 in concentrate courses for two consecutive semesters will be required to select an alternate major.

Any student on general probation who becomes liable for further probation in a subsequent semester may be required to withdraw from the college.

- ✓ **Scholastic Suspension** Any student required to withdraw from the college because of scholastic reasons must remain out of the college for one regular semester before readmission may be considered.

After readmission following scholastic suspension, the student will remain on probation until the requisite GPA's have been earned at the completion of the semester.

- ✓ **Dismissal** Failure to satisfy the terms of probation after readmission following scholastic suspension will result in permanent dismissal from the college.

Dean's List Students averaging honor grades for any given semester are placed on the Dean's List. An overall Grade Point Average of 3.70 and above entitles to First Honors: 3.40-3.69, Second Honors.

- ✓ **Graduation Requirements** Candidates for the 4 Year Degree must complete a minimum of 134 credits (141 for Music Education majors). Candidates for the 5 Year Dual Major must complete a minimum of 165 credits. (This total may be greater, depending upon choice of the majors.)

Candidates for the Diploma must complete a minimum of 112 credits.

All candidates must complete proficiency requirements as specified for their principal instrument.

All candidates seeking to graduate in a specific major field must complete a required project in the chosen area of concentration, as described and approved by the Department Chairman. For Music Education majors, this will include completion of all observation and student teaching requirements.

Graduation requirements unique to each program and major are published periodically by the college.

A Student Handbook is distributed to all students during Registration periods. It is a comprehensive statement of college policy and contains more complete information regarding school regulations.
